Nolly shook his head, setting a cotillion of warts and moles adance on his pendulous cheeks. "Ask any adoptee who, as an adult, has tried to team the names of his real parents. Easier to drag a freight train up a mountain by your teeth." On the fourth floor, at Dr. Klerkle's suite, the hall door stood ajar. Past office hours, the small waiting room was deserted. "In addition to that policy," said Vinnie, "there's another. . .--he filled his lungs, hesitated, then exhaled the air and the sum with a tremor---'seven hundred fifty thousand. Three-quarters of a million dollars." on both sides of the property, the neighbors can't see, but some know, have always known, and have less interest. Paul checked the back of the Suburban, since he fancied himself the wagonmaster. He wanted to be sure that the goods were loaded in such a way that they were unlikely to slide or be damaged. "Packed tight. Looks just fine," he declared, and closed the tailgate door. "I got to admit," Nolly said, "I'm surprised these little pranks have rattled him so deeply." Leaning forward from his armchair, white hair as radiant as the wings of cherubim, Obadiah waved one misshapen hand over the deck, never closer than ten inches to the cards. "Now please spread them out in a fan on the table, facedown." Had Kathleen Klerkle been a man, she would have enjoyed larger quarters in a newer building in a better part of town. She was more gentle and respectful of the patient's comfort than any male dentist Nolly had ever known, but prejudice hampered women in her profession. On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were the rewards of faithful adherence to his principles. What he believed in--the only thing he believed in--was Junior Cain, and in this he was a fiercely passionate believer, devout unto himself. Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false. "Sit down, sit down," Agnes urged. "I can offer coffee now and pie in a little bit." Edom and Jacob Isaacson were her older brothers, who lived in two small apartments above the four-car garage at the back of the property. She was shaking and so afraid, not thinking clearly, and for a moment she didn't understand what he meant, what he wanted, and then she saw that the window on his side of the car was shattered, too, and that the door beyond him was badly torqued, twisted in its frame. Worse, the side of the Pontiac had burst inward when the pickup plowed into them. With a steel snarl and sheet-metal teeth, it had bitten into Joey, bitten deep, a mechanical shark swimming out of the wet day, shattering ribs, seeking his warm heart. In that slow, flat delivery with which Junior was becoming increasingly impatient, Detective Vanadium said, "We all were, Doctor. It was another election year, remember? More than once during that campaign, I could've chugged ipecac. What else would work if I wanted to have a good vomit?" Besides, he couldn't any longer afford to spend endless hours either learning a new language or attending the opera. His life was too full, leaving him insufficient time for the Bartholomew search. The mummified moon had unwound itself from its rags of embalming clouds. Its pocked face glowered in full brightness on the spreading branches of the pine, on the yard, and on the graveled driveway. A quick review of these book spines revealed that the treasured Zedd collection wasn't here. "Two weeks to go. I'm not going to miss that. I've cleared all appointments off my calendar." Kitchen to dining room, dining room to hallway, keeping his back to the wall, easing quickly along, then into the foyer. Wait here, listening. On Tuesday, less than twenty-four hours after Naomi's funeral, Knacker, Hisscus, and Nork--representing the state and the county held preliminary meetings with Junior's lawyer and with the attorney for the grieving Hackachak clan. As before, the well-tailored trio was conciliatory, sensitive, and willing to reach an accommodation to prevent the filing of a wrongful-death suit. "Thanks, Sparky, but not tonight. I'm thinking of taking a look around downstairs if old Nine Toes isn't stuck at home tonight with a case of paralytic bladder." draftsman? Having never been nudged in that direction, would Cain have followed a different path that took him far from Celestina and Angel? Joey was not illuminated by the light of this world. Agnes realized that he was translucent, his skin like fine milk glass through which shone a light from elsewhere. The white Buick glided through the tides of fog like a ghost ship plying a ghost sea. "Will do. Check out those paintings he collects. People pay real money for them, even people who've never been in a looney bin." Slamming through the door, letting it bang shut behind him hard enough to crack the glass, crossing the porch, Tom took the beauty of the day like a fist in the gut. It was too blue and too bright and too gorgeous to harbor death, and yet it did, birth and death, alpha and omega, woven in a design that flaunted meaning but defied understanding. It was a blow, this day, a hard blow, brutal in its beauty, in its simultaneous promises of transcendence and loss. The middle finger on his right hand throbbed under the pair of Band-Aids. He'd sliced it earlier, while using the electric sharpener to prepare his knives, and the wound had been aggravated when he'd had to strangle Neddy Gnathic. He would never have cut himself in the first place if there had been no need to be well-armed and ready for Bartholomew and his guardians. Serving a formal dinner was Agnes's way of declaring to herself more than to anyone else in attendance--that the time had come for her to get on with life for Bartholomew's sake, but also for her own. Junior could neither speak nor even mewl in agony. All the saliva had been draining forward, out of his open mouth, for so long that his throat was parched and raw. He felt as though he had munched on a snack of salted razor blades that were now stuck in his pharynx. His rattling wheeze sounded like scuttling scarabs. Finally he switched on the light, and illuminated Neddy at ease, silent in death as never in life: lying on his back, head turned to the right, swollen tongue lolling obscenely. He had not heard the lawman rising up with malevolent intent, as he had imagined. The body had simply rolled off the backseat onto the floor during the too-sharp 180-degree turn. Maria said nothing, working busily, but Agnes recognized that special silence in which difficult words were sought and laboriously stitched together. Not one day in anyone's life, so her father taught, is an uneventful day, no day without profound meaning, no matter how dull and boring it might seem, no matter whether you are a seamstress or a queen, a shoeshine boy or a movie star, a renowned philosopher or a Downs syndrome child. Because in every

day of your life, there are opportunities to perform little kindnesses for others, both by conscious acts of will and unconscious example. Each smallest act of kindness—even just words of hope when they are needed, the remembrance of a birthday, a compliment that engenders a smile—reverberates across great distances and spans of time, affecting lives unknown to the one whose generous spirit was the source of this good echo, because kindness is passed on and grows each time it's passed, until a simple courtesy becomes an act of selfless courage years later and far away. Likewise, each small meanness, each thoughtless expression of hatred, each envious and bitter act, regardless of how petty, can inspire others, and is therefore the seed that ultimately produces evil fruit, poisoning people whom you have never met and never will. All human lives are so profoundly and intricately entwined—those dead, those living, those generations yet to come—that the fate of all is the fate of each, and the hope of humanity rests in every heart and in every pair of hands. Therefore, after every failure, we are obliged to strive again for success, and when faced with the end of one thing, we must build something new and better in the ashes, just as from pain and grief, we must weave hope, for each of us is a thread critical to the strength—to the very survival—of the human tapestry. Every hour in every life contains such often-unrecognized potential to affect the world that the great days for which we, in our dissatisfaction, so often yearn are already with us; all great days and thrilling possibilities are combined always in this momentous day. Having been an object of Thomas Vanadium's fixation, Junior felt fortunate to have survived. He shuddered. "Hasn't the sheriff's department already reached a determination of accidental death?" Parkhurst asked. "They're good men, good cops, every last one of them," said Vanadium, "and if they've got more pity in them than I do, that's a virtue, not a shortcoming. What could Mr. Cain have taken to make himself vomit?" The Spruce Hills Police Department was far too small to have a full-blown Scientific Investigation Division. And if the tableau presented to them appeared convincing enough, they might accept the death as a freak accident and never turn to the state police for technical. The Selective Service physician quickly declared Junior to be maimed and unfit. Quietly but with passion, Junior pleaded for a chance to prove his value to the armed forces, but the examiner was unmoved by patriotism, interested only in keeping the cattle line of other potential draftees moving past him at a steady pace. Once more crowding his quarry, Junior said, "I'm amazed you'd recognize me, since I haven't been to the lounge often." As I explained, he might have thought I was you," Edom said, staring at the neatly ordered volumes on the nearby bookshelves. Of course, when turning a quarter across his knuckles, the cop had made no noise. And he had glided across the hospital room, in the dark, with feline stealth. He went in a pretense of blindness, gripping Angel's arm, but he missed nothing, and etched every detail in his memory, against the need of them in the coming dark. Prepared for any contingency, Junior listened to the house until he was certain that he needed the knife for no one else. Junior had thought the news was the lab report, which had found no ipecac in his spew. All that had been distraction. Trembling, she sat beside the bassinet and gazed at her baby with such love that the force of it ought to have rocked him awake. "Mommy, did you know, every day on Mars is thirty-seven minutes and twenty-seven seconds longer than ours?" As a young man, he had performed first in nightclubs catering to Negroes and in theaters like Harlem's Apollo. During World War II, he'd been part of a USO troupe entertaining soldiers throughout the Pacific, later in North Africa, and following D-Day, in Europe. His leonine head and bold features, framed by golden hair, should have conveyed strength, but the impression he might have made was compromised by a fringe of bangs that curled across his forehead, a style unfortunately reminiscent of effete emperors of ancient Rome. The five tales in this book explore or extend the world established by the first four Earthsea novels. Each is a story in its own right, but they will profit by being read after, not before, the novels. By the time he ordered crème brûlée for dessert, he was able to laugh at himself. Had he expected to see a ghost enjoying a cocktail and free cashews at the bar? His body ached, too, especially his back, from the battering that he had taken. He remembered hitting the floor with his chin, and he supposed that he might have gotten knocked about the face more than he realized or remembered. If so, there would be bruises soon, but bruises would fade with time; in the interim, they might make him even more attractive to women, who would want to console him and kiss away the pain—especially when they discovered that he had sustained his injuries in a brutal fight, while rescuing a neighbor from a would-be rapist. As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release. The cemetery had been mown for the holiday. The scent of fresh cut grass grew more intense the longer Agnes met her son's radiant green-blue gaze, until the fragrance became exquisitely sweet. If blood tests revealed that Junior wasn't the father, Vanadium would have a motive. It wouldn't be the right motive, because Junior truly hadn't known either that his wife was pregnant or that she was possibly screwing around with another man. But the detective would be able to sell it to a prosecutor, and the prosecutor would convince at least a few jurors. might be grumpy and would certainly be torpid, bleary-eyed, and uncommunicative. Angel awake was always fully awake, soaking up color texture-mood, marveling in the baroque detail of Creation, and generally lending support to the apperception—test prediction that she might be an art prodigy. just as the smile curved to completion, however, an awful thing happened. The humiliation began with a loud gurgle in his gut. He wanted to say: The vain, power-mad politicians who milk cheers from ignorant crowds, the sports stars and preening actors who hear themselves called heroes and never object, they should all wither with shame at the mention of your name. Your vision, your struggle, the years of grueling work, your enduring faith when others doubted, the risk you took with career and reputation—it's one of the great stories of science, and I'd be honored if I could shake your hand. As he said cards, the magician turned a knowing look toward Edom, eliciting from him a responding frown of puzzlement. "Here we are," said the driver, braking to a stop at the curb in front of the gallery. The moon shimmered, and the stars blurred—but only briefly, for her devotion to this boy was a fiery furnace that tempered the steel of her spine and brought a drying heat to her eyes. Without Franklin Chan's full approval but with his complete understanding, Agnes took Barty home. On Monday, they would return to Hoag Hospital, where Barty would receive surgery on Tuesday. Imagination like all living things lives now, and it lives with, from, on true change. Like all we do and have, it can be co-opted and degraded; but it survives commercial and didactic exploitation. The land outlasts the empires. The conquerors may leave desert where there was forest and meadow, but the rain will fall, the rivers will run to the sea. The unstable, mutable, untruthful realms of Once-upon-a-time are as much a part of human history and thought as the nations in our kaleidoscopic atlases, and some are more enduring. For a moment," Lipscomb continued, "her voice became clear, no longer slurred. She raised her head from the pillow, and her eyes fixed on me, all the confusion gone. She was so ... intense. She said ... she said, 'Rowena loves you.' Each booth was at a large window, and each window provided a view of the street. Vanadium wasn't out there, watching from the sidewalk, either: no glimpse of his pan-flat face shining in the December sun. you

greater strength and determination than any other motive. But you should know this much.... You need to keep her safe for another reason. She's special. I don't want to explain why she's special or how I know that she is, because this isn't the time or place, not with your dad's death and Wally in the hospital and you still shaky from the attack." "Even when I was a young boy," Tom continued, "the world felt a lot different to me from the way it looked to other people. I don't mean I was smarter. I've got maybe a little better than average IQ, but nothing I could brag about. Flunked geography twice and history once. No one would ever confuse me and Einstein. It's just, I felt ... such complexity and mystery that other people didn't appreciate, such layered beauty, layers upon layers like phyllo pastry, each new layer more amazing than the last. I can't explain it to you without sounding like a holy fool, but even as a boy, I wanted to serve the God who had created so much wonder, regardless of how strange and perhaps even beyond all understanding He might be." Jacob cooked corn bread, cheese-and-parsley omelettes, and crisp home fries with a dash of onion salt..And suddenly Celestina believed that Bellini was a cop, not because his voice contained such authority, but because her heart told her that the time had come, that the long-anticipated danger had at last materialized: the dark advent that Phimie had warned her about three years ago..Jacob had been born with the requisite dexterity and more than sufficient memory function. His personality disorder-which made him unemployable and guaranteed that his social life would never involve endless rounds of parties-ensured that he would have the free time needed to practice the most difficult techniques of card manipulation until he mastered them..Even the Shantung-softened lamplight blazed too bright and did not serve her well, so she switched it off and said, "Scoot over." From Joey's closet, she extracted an old blue blazer that he seldom wore anymore. The lining was sagging, worn., Wednesday, with a swiftness that confirmed its eagerness to make a deal, the state supplied records on the fire tower. For five years, a significant portion of the maintenance funds had been diverted by bureaucrats to other uses. And for three years, the responsible maintenance supervisor filed an annual report on this specific tower, requesting immediate funds for fundamental reconstruction; the third of these documents, submitted eleven months prior to Naomi's fall, was composed in crisis language and stamped urgent..The funeral was at two o'clock, after which family and friends of the deceased would gather here in the parsonage for a social, to break bread together and to share their memories of the loved one lost..When she discovered she was pregnant, Phimie dealt with this new trauma as other naive fifteen-year-olds had done before her: She sought to avoid the scorn and the reproach that she imagined would be heaped upon her for having failed to reveal the rape at the time it occurred. With no serious thought to long-term consequences, focused solely on the looming moment, in a state of denial, she made plans to conceal her condition as long as possible..As it turned out, Seraphim was a virgin. This thrilled Junior. He was inflamed also by the thought of ravishing her in her parents' house ... an by the kinky fact that their house was a parsonage..Focus, Caesar Zedd teaches, is the sole quality that separates millionaires from the flea-ridden, sore-pocked, urine-soaked winos who live in cardboard boxes and discuss vintages of Ripple with their pet rats. Millionaires have it, winos don't. Likewise, nothing but the ability to focus separates an Olympic athlete from a cripple who lost his legs in a car wreck. The athlete has focus, and the cripple doesn't. After all, Zedd notes, if the cripple had it, he would have been a better driver, an Olympic athlete, and a millionaire..Friday, after dinner, when he'd heard enough of Maria's method of fortune-telling to know that four decks were required, that only every third draw was read, and that aces-especially red aces-were the most propitious cards to receive, Jacob had taken great pleasure in preparing for Barty the most favorable first eight cards that could possibly be dealt. This was a small gift to cheer Agnes, on whose heart Joey's death weighed as heavily as iron chains..They wore out a lot of cards and kept a generous supply of all types of decks on hand..These would no doubt be cloyingly sentimental paintings of the bastard boy, with impossibly large and limpid eyes, posed cutely with puppies and kittens, pictures better suited for cheap calendars than for gallery walls, and dangerous to the health of diabetics..As Wally got behind the wheel and closed his door, Angel said, "Mommy, where's fog come from? And don't say Hawaii." honor and family. This was life, and everyone lived his life in the shadow of one solemn obligation or another.."From 1604 through 1610, Erzebet Bathory, sister of the Polish king, with the assistance of her servants, tortured and killed six hundred girls. She bit them, drank their blood, tore their faces off with tongs, mutilated their private parts, and mocked their screams." Aware that his tension was building intolerably, Junior decided that he needed Scamp more than he dreaded her. He spent the remainder of Wednesday, until dawn Thursday, with the indefatigable redhead, whose bedroom contained a vast collection of scented massage oils in sufficient volume to fragrantly lubricate half the rolling stock of every railroad company doing business west of the Mississippi..The hateful window. The hateful, frozen window. Celestina wrenched on the crank with all of her strength, and felt something give a little, wrenched, but then the crank popped out of the socket and rapped against the sill.. "See this?" He placed the pepper shaker in front of her on the room-service table and held the salt shaker concealed in his hand..Off with the cap. Yellow capsules in the bottle, also blue. He managed to shake one of each color into the palm of his left hand without spilling the rest on the floor..Nevertheless, Junior was thrilled to hear the name Bartholomew, and to know that the boy of whom Celestina spoke was the Bartholomew of Bartholomews, the menacing presence in his unremembered dream, the threat to his fortune and future that must be eliminated..Wishing he had left the gauze wrappings on his face, but afraid that the airwaves might already be carrying news of the bandaged man who had killed a minister in Spruce Hills, Junior abandoned the Dodge and hurriedly walked back to the private-service terminal, where the pilot from Sacramento waited. At the sight of his passenger, the pilot blanched and said, Allergic reaction to WHAT? And Junior said, Camellias, because Sacramento was the Camellia Capital of the World, and all that he wanted was to get back there, where he'd left his new Ford van and his Skelents and his Zedd collection and everything he needed to live in the future. The pilot couldn't conceal his intense revulsion, and Junior knew that he would have been stranded if he hadn't paid the round-trip charter fare in advance..As he passed the living-room archway, he said, "Watch out for tidal waves, Uncle Jacob." "What's below us?" Hound pointed to the floor, paved with rough slate flags..It was the best he could do in protest against the misuse of good work and a good ship. He was pleased with himself. When the ship was launched (and all seemed well with her, for her fault would not show up until she was out on the open sea) he could not keep from his teachers what he had done, the little circle of old men and midwives, the young hunchback who could speak with the dead, the blind girl who knew the names of things. He told them his trick, and the blind girl laughed, but the old people said, "Look out. Take care. Keep hidden." Usually, he remained still, tense, listening, until enough silence convinced him that the sounds he'd heard had been in the dream, not in the real world. If silence didn't settle him, he went into the living room, only to discover that she was always where he had left her, fork-and-fan-blade face wrenched in a soundless scream.
