Her dirty toes.After Morred, seven more kings and queens ruled from Enlad, and the realm increased steadily in size and prosperity.. "To see you!" So little Diamond grew up in the finest house in Glade, a fat, bright-eyed baby, a ruddy, cheerful boy. He had a sweet singing voice, a true ear, and a love of music, so

that his mother, Tuly, called him Songsparrow and Skylark, among other loving names, for she never really did like "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and invented tunes when he heard none. His mother had the wisewoman Tangle teach him The Creation of Ea and The Deed of the Young King, and at Sunreturn when he was eleven years old he sang the Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above Glade. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond set in the lid, which seemed a kind and pretty gift to Diamond and his mother. But Golden was a bit impatient with the singing and the trinkets. "There are more important things for you to do, son," he said. "And greater prizes to be earned." THE DARK TIME, THE HAND, AND ROKE SCHOOL. He had half-consciously dreaded that Diamond would triumph over him, asserting his power right away -- that mysterious, dangerous, incalculable power against which Golden's wealth and mastery and dignity shrank to impotence...even reach his hand out. It was a horrible sensation, as if his muscles were not his own. He sat. words of apology, of thanks, so as not to leave this way -- but I couldn't. Had she been afraid only. Through love, respect, and trust, Dragonfly would never disregard a warning from Rose; but she was unable to see Ivory as perilous. She didn't understand him, but the idea of fearing him, him personally, was not one she could keep in mind. She tried to be respectful, but it was impossible. She thought he was clever and quite handsome, but she didn't think much about him, except for what he could tell her. He knew what she wanted to know and little by little he told it to her, and then it was not really what she had wanted to know, but she wanted to know more. He was patient with her, and she was grateful to him for his patience, knowing he was much quicker than she. Sometimes he smiled at her ignorance, but he never sneered at it or reproved it. Like the witch, he liked to answer a question with a question; but the answers to Rose's questions were always something she'd always known, while the answers to his questions were things she had never imagined and found startling, unwelcome, even painful, altering all her beliefs...it cleared away...the way and was wandering without heed. He talked, turning sometimes to Otter to guide him or warn forests. Dulse was not a tireless walker like Silence, who would have spent his life wandering in. Money was a problem. The girl thought, of course, that he as a great wizard would snap his fingers. "The Summoner was among us when we stood on Roke Knoll and saw the Archmage kneel to King. WRITING seems we may have left out a good deal worth knowing. This kind of thing--There! There again--" and from a metal-framed slot, as from a mailbox, slipped a piece of shiny paper folded in two. She stretched, feeling the ease of her body in the warmth, and her mind drifted back to Ivory. She had had no one in her life to desire. When the young wizard first came riding by so slim and arrogant, she wished she could want him; but she didn't and couldn't, and so she had thought him spell-protected. Rose had explained to her how wizards' spells worked 'so that it never enters your head nor theirs, see, because it would take from their power, they say'. But Ivory, poor Ivory, had been all too unprotected. If anybody was under a spell of chastity it must have been herself, for charming and handsome as he was she had never been able to feel a thing for him but liking, and her only lust was to learn what he could teach her. "Of all the innocence," Gift said, hissing the word. "He'll skin you." She dumped a kettleful of steaming water into the bath. "He has ivory," she said. "Tell him ivory it has to be. Out there ten days starving in the cold to cure his beasts! San's got nothing but copper, but Alder can pay you in ivory. I'm sorry if I'm meddling in your business. Sir." "Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turren and he is me..." "Magic won't die on Roke," said Veil. "On Roke all spells are strong. So said Ath himself. And you have walked under the trees... Our job must be to keep that strength. Hide it, yes. Hoard it, as a young dragon hoards up its fire. And share it. But only here. Pass it on, one to the next, here, where it's safe, and where the great robbers and killers would least look for it, since no one here is of any account. And one day the dragon will come into its strength. If it takes a thousand years..." "Moles," Diamond said. "Honestly, I feel like hiding underground. I always thought Father was. The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods.. deep shadows. Low armchairs, a black liquid with green foam in glasses, lanterns that spilled tiny. Of late, entering always deeper into the mysteries of a certain lore-book brought back from the Isle of Way by one of Losen's raiders, Gelluk had become indifferent to most of the arts he had

learned or had discovered for himself. The book convinced him that all of them were only shadows or hints of a greater mastery. As one true element controlled all substances, one true knowledge contained all others. Approaching ever closer to that mastery, he understood that the crafts of wizards were as crude and false as Losen's title and rule. When he was one with the true element, he would be the one true king. Alone among men he would speak the words of making and unmaking. He would have dragons for his dogs. A reddish seam remained, a scar through the dirt and gravel and uprooted grass. They set off along the wharves, asking for a ship bound south that might take a wizard and his ivory. Ivory never noticed that the girl was ailing, nor the pear trees, nor the vines. He kept himself. That was a leap in the darkness. Which of them had said it? Undressing, then I was on watch duty. "Olaf!" I wanted to say, and sat up suddenly. "So you put a spell on yourself," she said, "just as that wizard put one on you. A spell to keep worse. You got it wrong. You're only a witch. You did it wrong. It's his name. He can have it." "Our problem is with men," Veil said, "if you'll forgive me, dear brother. Men are of more account to other men than women and children are. We might have fifty witches here and they'll pay little heed. But if they knew we had five men of power, they'd seek to destroy us again." "And you?" she asked. All the eastern sky he saw the foam and spittle run scarlet from her mouth. Sometimes she clutched, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk. Trusting the messenger, Morred entered the trap. He barely escaped with his life. The Enemy pursued him from the east to the west of Enlad in a trail of ruin. On the Plains of Enlad, meeting the companions who had stayed loyal to him, most of them sailors who had brought their ships to Enlad to aid him, Morred turned and gave battle. The Enemy would not confront him directly, but sent Morred's own spell-bound warriors to fight him, and worse, sent sorceries that shriveled up the bodies of his men till they "living, seemed the black thirst-dead of the desert." To spare his people, Morred withdrew. Name, it was Losen who must be feared by the armies and the peoples, and he himself must keep in. In what they knew.
