With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him..After staring at the coins for a long moment, Kathleen said, "I don't think any mystery writer has ever done a series of novels about a priest detective who's also a magician." Agnes met them, pulling Grace and Angel to her side. Her eyes were bright with excitement. "Tom, you're a man of faith, even if you've sometimes been troubled in it. Tell me what you make of all this." His inner turmoil boiled ever more fiercely, and the external evidence of it grew more obvious. In the cool air of the fading afternoon, he perspired as profusely as a man already being strapped into an electric chair; it streamed, gushed. He shook, shook, and he was half convinced that he could hear his bones rattling together like the shells of hard-boiled eggs in a rolling cook pot..After Agnes read the final words on the final page, Barty was drunk on speculation, chattering about what-might-have-happened-next to these characters that had become his friends. He talked nonstop while changing into his pajamas, while peeing, while brushing his teeth, and Agnes wondered how she would wind him down to sleep..She snatched the handset away from Angel, told Bellini, "He's here," threw the phone on the bed, told Angel, "Stay close to me," ran to the windows, and jerked the drapes out of the way..Junior decided to attend the festivities, after all, motivated by the prospect of connecting with a woman more pliant than the Baval Poriferan sculpture..He followed an

alleyway to the building's service entrance, for which he possessed a key that wasn't provided to other tenants. He unlocked the steel door and stepped into a small, dimly lighted receiving room with gray walls and a speckled blue linoleum floor. "I can talk to you," he said to Salk. "You'll understand. She was here, the only one I ever knew till I met you. I've read about them all my life, in pulp magazines and paperbacks. But Perri ... she was the real thing. She didn't save tens of thousands-hundreds of thousands of children like you've done, didn't change the world as you've changed it, but she faced every day without complaint, and she lived for others. Not through them. For them. People called her to share their problem, and she listened and cared, and they called her with their good news because she took such joy in it. They asked for her advice, and though she was inexperienced, really, so short of experience in so many ways, she always knew what to say, Dr. Salk. Always the right thing. She had great heart and natural wisdom, and she cared so much." He lived high, on Russian Hill, in a limestone-clad building with carved Victorian detail. His one-bedroom unit included a roomy kitchen with breakfast nook and a spacious living room with windows looking down on twisty Lombard Street. Edom's twin, Jacob, who had never held a job, lived in the second apartment. He'd been there since graduating from high school. No inquiring voice echoed off the passage walls, no accusatory shout. He was alone with the cadaver in this mist-shrouded moment of the metropolitan night-but perhaps not for long. She protested that her ruined body had neither any comforts to offer a man nor the strength to be a bride. Luck favored Paul: The hero was here, having breakfast. He and two other men were deep in conversation at a corner table. Although he considered tearing up the letter and throwing it away he knew that his perceptions were clouded by grief and that what he'd written might seem fine if he reviewed it in a less dark state of mind. He returned the letter to the envelope and put it in the drawer of his nightstand. Never before had she put faith in any form of prognostication. In the whispery falling of those twelve cards, however, she heard the faint voice of truth, not quite a coherent truth, not as clear a message as she might have wished, but a murmur that she couldn't ignore. "Cash," Junior said. "I'll pay cash, with whatever amount of deposit is required." During those spells when she was too shaky to draw, she stood at the window, gazing at the storied city. Thanks to his intelligence and his personality, Barty's presence was so great for his age that Agnes tended to think of him as being physically larger and stronger than he actually was. As the scent of grass grew more complex and even more appealing, she saw her son more clearly than she'd seen him in a while: quite small, fatherless yet brave, burdened with a gift that was a blessing but that also made a normal boyhood impossible, forced to grow up at a faster pace than any child should be required to endure. Barty was achingly delicate, so vulnerable that when Agnes looked at him, she felt a little of the awful sense of helplessness that burdened Edom and Jacob. Their struggle to put their sorrow into words moved Agnes not because they cared so deeply, but because in the end they were unable to express themselves adequately. Without the relief provided by expression, their anguish grew corrosive. Their lifelong introversion left them without the social skills to unburden themselves or to provide solace to others. Worse, their obsessions with death, in all its many means and mechanisms, had prepared them to expect Barty's cancer, which left them neither shocked nor capable of consolation, but merely resigned. Ultimately, in great frustration, each twin was reduced to fragmented sentences, crippled gestures, quiet tears-and Agnes became the only consoler. Missing windshield. Considering that the space was pinched by the crumpled roof, however, and in light of Agnes's pregnancy and imminent second-stage labor, the severe contortions involved in this extraction would be too dangerous. Agnes called their two-car parade a Christmas caravan, which appealed to Barty's sense of magic and adventure. Repeatedly he turned in his seat and rose to his knees to look back at his uncle Edom, waving vigorously. The Beatles began singing the number-one song, "I Feel Fine," as Junior turned off the county highway and followed the lake road northeast around the oil-black water. They had two titles in the American top five. In disgust, he switched off the radio. Although he had made no effort to summon them, tears spilled from Junior's closed eyes. They weren't drawn from him by thoughts of poor Naomi. These next few days-perhaps weeks-were going to be tedious, until he could have Nurse Victoria Bressler. Under the circumstances, he had good reason to feel sorry for himself. As to the distressing matter of Seraphim's daughter, Junior at first decided to return to San Francisco to torture the truth out of Nolly Wulfstan. Then he realized that he'd been referred to Wulfstan by the same man who had told him that Thomas Vanadium was missing and was believed to be Victoria Bressler's killer. Finished, she gave him a mirror, so he could admire his new bicuspid cap. After five years of dentistry, paced so as not to tax Nolly's tolerance, Kathleen had done well what nature had done poorly, giving him a perfect bite and a supernatural smile. This final cap was the last of the reconstruction. Finally wimping out completely, Parkhurst left the room. The heavy door sighed softly shut, silencing the squeak of rubber-soled shoes, the swish of starched uniforms, and other noises made by the busy nurses in the corridor. Junior kept a file on each man, nevertheless, in case instinct later told him that one of them was, in fact, his mortal enemy. He could have killed all of them, just to be safe, but a multitude of dead Bartholomews, even spread over several jurisdictions, would sooner or later attract too much police attention. His waitress was a cutie. She flirted with him, and he knew he could have her if he wanted. Junior worried that he might not locate the correct Dumpster among the many. Yet he didn't switch on the flashlight, suspecting that he would be better able to find his way if the conditions of darkness and fog were exactly as they had been earlier. In fact, this proved to be the case, and he instantly recognized the hulking Dumpster when he came upon it. "Your mother's wise," Paul said. "More than all the owls in the world," the boy agreed. "Yes, you did, and it's exactly what experience has no doubt taught you to think. But I'm forty-seven and you're twenty-." "So what I am is I'm your talking eyes." Lowering her hand from his face, Angel said, "Do you know where bacon comes from?" He was a man of medicine and science, who had been served well by hard logic and by an unwavering commitment to reason. He wasn't prepared easily to accept the notion that logic and reason, while essential tools to anyone hoping to lead a full and happy life, were nevertheless sufficient to describe either the physical world or the human experience. At 11:45, on her way to bed, Agnes stopped at Barty's room and found him propped against pillows. The book was not particularly large as books went, but it was big in proportion to the boy; unable to hold it open with his hands alone, he rested his entire left arm across the top of the volume. "I suspect," Tom said, "that any job you set your mind to, you'd be as good as you are at teeth." and proceeded to turn it across his knuckles as swiftly and smoothly as he was bad with his right hand. Bill wasn't impressed. "They build houses out of mud in China. No wonder everything falls down." Junior said nothing. He was still upset with Naomi for hiding the pregnancy from him, but he was delighted that the baby would have been his. Now Vanadium couldn't claim that Naomi's infidelity and the resultant bastard had been the motive for murder. Tom proved to be more useful than either a cop or a priest to Pie Lady Services, when he discovered a talent for money management that protected their funds from twelve percent inflation and in fact brought them a handsome return in real terms. Otter was silent a while. Then he said in a low voice, "Clay, and gravel, and under that the rock that bears garnets. All

under this part of the city is that rock. I don't know the names." As he raced into the future, the past caught up with him in the form of intestinal spasms, and by the time that he had driven only three miles, whimpering like a sick dog, he made an emergency stop at a service station to use the rest room. "I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them." She proceeded down the shadowy center aisle, genuflected at the chancel railing, and went to the votive rack. His words echoed back to her from July: My cold's just here, not every place I am. Strangely, as sometimes happened in this room, his missing toe itched. There was no point in removing his shoe and sock to scratch the stump, because that would provide no relief. Curiously, the itch was in the phantom toe itself, where it could never be scratched. IN GOOD DARK SUITS, clean-shaven, as polished as their shoes, carrying valises, the three arrived in Junior's hospital room even before the usual start of the working day, wise men without camels, not bearing gifts, but willing to pay a price for grief and loss. Two lawyers and a high-level political appointee, they represented the state, the county, and the insurance company in the matter of the improperly maintained railing on the observation platform at the fire tower. He produced her coat as if by legerdemain. Magically, she found her arms in the sleeves and the collar around her neck, though given her size lately, putting on anything other than a hat usually required strategy and persistence. Ashamed and scared, she told no one. Although a victim, she blamed herself, and the prospect of being exposed to ridicule so horrified her that despair got the better of good judgment. Parkhurst said, "We've eliminated most other possible causes. You don't have acute myelitis or meningitis. Or anemia of the brain. No concussion. You don't have other symptoms of Meniere's disease. Tomorrow, we'll conduct some tests for possible brain tumor or lesion, but I'm confident that's not the explanation, either." Tom received a fierce hug, too, and a sisterly kiss, and he was grateful for them. He had been a loner for too long, as a hunter of men pretty much had to be when on a long hard road of recuperation and then on a mission of vengeance, even if he called it a mission of justice. During the few days he'd spent guarding Celestina and Grace and Angel in the city, and subsequently during the week with Wally, Tom had felt that he was part of a family, even if it was just a family of friends, and he had been surprised to realize how much he needed that feeling. body on the flight out of San Francisco. When finally her obligations were met, she. He might not have this future-living thing down perfectly, but he was absolutely terrific at anger. Paul was a dear man, different from Joey in appearance but so like him at heart. She shocked him by insisting they go at once to his house, to his bedroom. Red-faced as no pulp hero ever had been, Paul stammered out that he wasn't expecting intimacy of her so soon, and she assured him that he wasn't going to get it so soon, either. Junior wanted to shoot all of them, but he said, "Take it. Keep it. Get it the hell out of here." All day, for reasons he couldn't quite put into words, Junior had carried that quarter in a pocket of his bathrobe. From time to time, he had taken it out to examine it. "Did he say I'd met him?" Jacob asked, squinting past Edom toward the bright sunlight at the open door. "Your mother's an artist. Besides, you wouldn't want to put poor Mrs. Ornwalt out of a job, would you?" She had put aside a half-finished pencil portrait of Phimie to develop several of Nella Lombardi. Indeed, subconsciously, she had known that Nella was gone since receiving the call at 4:15 this morning. When the old woman had finished what she needed to say, the silence on the line had been eerily perfect, without one crackle of static or electronic murmur, unlike anything Celestina had ever heard on a telephone before. Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails. The nurse raised her eyes from Agnes to this other person. "Yes a chip of ice would be all right." Fear of the unknown is a weakness, for it presumes dimensions to life beyond human control. Zedd teaches that nothing is beyond our control, that nature is just a mindlessly grinding machine with no more mysteries in it than we will find in applesauce. Reverend White's murder received significant coverage throughout the nation, especially in West Coast papers, because of its perceived racial motivation and because it involved the burning of a parsonage. Junior gave the Raisinets to him, and Google left the theater with his candy and his cash. Gifted with unusual powers of visual observation, the girl was quick to notice the slightest changes in her world. The sparkling engagement ring on Celestina's left hand had not escaped her notice. Holding a shaker in each hand, Tom walked them forward, causing them to diverge slightly at first, but then moving them along exactly parallel to each other. OUR LADY OF SORROWS, quiet and welcoming in the Bright Beach night, humble in dimension, without groin vaults and grand columns and cavernous transepts, restrained in ornamentation, was as familiar to Maria Elena Gonzalez--and as comforting--as her own home. God was everywhere in the world, but here in particular. Maria felt happier the instant she stepped through the entrance door into the narthex. A dry laugh escaped the detective, but it had none of the warmth of most people's laughter. "You're not bad, Enoch. You're just not as good as you think you are." He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley. Hope was the handmaid to Agnes's faith. She always held fast to the belief that the future would be bright, but right now she was hesitant to test that optimism even with a harmless card reading. Yet, as with the fifth place setting, she was reluctant to object. Tom plucked the quarter off the glass, folded it into his right fist, and then at once opened his hand, which was now empty. Because of the events regarding Barty and Angel back in January, Celestina, Grace, and Wally were no longer displaced persons waiting to return to San Francisco. They had begun anew here in Bright Beach; and judging by all indications, they were going to be as happy and as occupied with useful work as it was possible to be on this troubled side of the grave. Agnes hadn't asked him to keep his strange feat a secret from his uncles. In truth, she had come home in such a curious state of mind that even as she'd worked with Jacob to prepare dinner and even as she'd overseen Edom's setting of the table, she hesitated to tell them what had happened on the run from Joey's grave to the station wagon. She fluctuated between guarded euphoria and fear bordering on panic, and she didn't trust herself to recount the experience until she had taken more time to absorb it. Barty whispered: "The North Pole Society of Not Evil Adventurers is now in session." Eventually, dinner over, cleanup finished, when Maria and the uncles had gone, Agnes and Barty faced the stairs together. She followed, holding his cane, which he said he preferred not to use in the house, prepared to catch him if he stumbled. The water shut off, and Junior heard the ratcheting noise of a paper-towel dispenser. This seemed to be a statement of great mystery and beauty, and Agnes was still contemplating it when the last of the ice melted on her tongue. Instead of more ice, sleep was spooned into her, as dark and rich as baker's chocolate. The musician's behavior required explanation. After wending through the crowd, Junior located the man in front of a painting so egregiously beautiful that any connoisseur of real art could hardly resist the urge to slash the canvas to ribbons. But on March 23, 1966, after a bad date with Frieda Bliss, who collected paintings by Jack Lientery, an important new artist, Junior had

an experience that rocked him, added significance to the episode in the diner, and made him wish he hadn't donated his pistol to the police project that melted guns into switchblades.. "December 1, 1958, in Chicago, Illinois, a parochial-school fire killed ninety-five.. "Oh, dear God," she whispered, and although she had always been a strong woman who stood on a rock of faith, who drew hope as well as air with every breath, she was as weak now as the unborn child in her womb, sick with fear.. Paul withdrew the pistol from the drawer. The weapon didn't feel as good to him as guns always felt in the hands of pulp heroes.. Confused, Panglo held out his right hand, but Jacob said, "Sorry, no offense, but I don't shake with anyone.. "She looked around the room. "He's invisible like the Cheshire cat?" "His whole world is as real as ours, but we can't see it, and people in his world can't see us. There're millions and millions of worlds all here in the same place and invisible to one another, where we keep getting chance after chance to live a good life and do the right thing.. "Yet had the obstacles been piled twice as high, the time had come to put into words what they felt for each other and to decide what they intended to do about it. Celestina knew that in depth and intensity, as well as in the promise of passion, Wally's love for her equaled hers for him; out of respect for her and perhaps because the sweet man doubted his desirability, he tried to conceal the true power of his feelings and actually thought he succeeded, though in fact he was radiant with love. His once-brotherly kisses on the cheek, his touches, his admiring looks were all still chaste but ever more tender with the passage of time; and when he held her hand-as in the gallery this evening-whether as a show of support or simply to keep her safely beside him in a crosswalk on a busy street, dear Wally was overcome by a wistfulness and a longing that Celestina vividly remembered from Junior high school, when thirteen-year-old boys, their gazes filled with purest adoration, would be struck numb and mute by the conflict between yearning and inexperience. On three occasions recently, he seemed on the brink of revealing his feelings, which he would expect to surprise if not shock her, but the moment had never been quite right.. "I sure think so. I think she's everything. I tell her she's the moon and stars. I'm probably spoiling her rotten.. "He let go of the girl's chin, and at once she scrunched into the corner of the window seat, as far away from him as she could get. The knowing look in her eye wasn't that of an ordinary child, not that of a child at all. Not his imagination, either. Terror, yes, but also defiance, and this knowing expression, as though she could see right through him, knew things about him that she had no way of knowing.. Fed up with them and with this exhibition, Junior half wished that he would again be stricken by violent nervous emesis. Even in his suffering, he would enjoy spraying these insistently appealing canvases with the reeking ejecta of his gut: criticism of the most pungent nature.. One manly woman. Several womanly men. But no blocky figure that could have been the crazed cop even in disguise.. Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call.. "With this money, you won't have to cut back on the number of pies you give away--and all of that.. "I got Starkweather, killing all those people with no hope of personal gain. You got maniac cops and this new war in Vietnam.
