Harrison was a Baptist, Vanadium a Catholic, and although they approached the same faith from different angles, they weren't coming to it from different planets, which was the feeling Vanadium had been left with following their conversation. It was true that Enoch Cain could never be brought successfully to trial for the rape of Phimie, subsequent to her death and in the absence of her testimony. And it was also uncomfortably true that exploring the possibility that Cain was the rapist would tear open the wounds in the hearts of everyone in the White family, to no useful effect. Nevertheless, to rely on divine justice alone seemed naive, if not morally questionable..hearts represented either a rival in love or a lover who would betray an enemy who would deeply wound the heart. The knave of diamonds was someone who would cause financial grief. The knave of clubs was someone who would wound with words: one who libeled or slandered, or who assaulted you with mean-spirited and unjust criticism..That every mortal semblance took.,Turning around in his seat, watching with amusement as Celestina fumbled nervously with the currency, the cabbie said, "You're not scared, not you. Sitting back there so silent most all the way, you weren't thinking about being famous. You were thinking about that girl of yours."Junior's breath smoked from him as if he contained a seething fire of his own. He felt a sheen of condensation arise on his face, cold and invigorating..Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself..What kept me going these past two and a half years was knowing that I could get my hands on Mr. Cain when I was finally well enough to do something about him."On the fourth floor, at Dr. Klerkle's suite, the hall door stood ajar. Past office hours, the small waiting room was deserted..If Agnes knew that Jacob had been helping her game, she might never play cards with him again. She would not approve of what he had done. Consequently, his great skill as a card mechanic must be forever his secret..Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty..I'm Sister Josephina." She slipped Celestina's purse off her shoulder--"You can trust this with me"-To the phone, the police. No dial tone. Pointless to rattle the disconnect switch. The line had been cut..Glaring and red-faced, lowering his voice almost to a whisper, Neddy said, "I'm sorry, but you've got me all wrong. I'm not like Renee and you."Dusk had arrived, strangling the day, and the throttled sky hung low, as blue-black as bruises. The streetlights had come on. Gouts of red light from pulsing emergency beacons alchemized the rain from teardrops into showers of blood..The most shameful thing Junior found was the "art" on the walls. Tasteless, sentimentalized realism. Bright landscapes. Still lifes of fruit and flowers. Even an idealized group portrait of Prosser, his late wife, and Zelda. Not one painting spoke to the bleakness and terror of the human condition: mere decoration, not art..For a while, Junior profited enormously from Tammy's investment advice, and the sex was great. As a thank-you for the hefty trading commissions she earned-and not incidentally for all the orgasms-Tammy gave him a Rolex. He didn't mind her four cats, didn't even care when the four grew to six, then to eight.."Don't worry, love. I'll make sure the snap's are constructed so you can get it off me easily enough."Caesar Zedd teaches that every experience in our lives, unto the smallest moment and simplest act, is preserved in memory, including every witless conversation we've ever endured with the worst dullards we've met. For this reason, he wrote a book about why we must never suffer bores and fools and about how we can be rid of them, offering hundreds of strategies for scouring them from our lives, including homicide, which he claims to favor, though only tongue-in-cheek..Another of Junior's self-improvement projects, since moving to California, was to become a knowledgeable gourmet, also a connoisseur of fine wines. San Francisco was the perfect university for this education, because it offered innumerable world-class restaurants in every imaginable ethnic variety..Possible complications include cerebral hemorrhage, pulmonary edema, kidney failure, necrosis of the liver, coma-to name a few."On the counter beside the bathroom sink stood an open box of BandAids in a variety of sizes, a bottle of rubbing alcohol, and a bottle of iodine..They laughed and held hands. For the first time since Phimie's panicked phone call from Oregon, Celestina felt that everything would eventually be all right again..I know what you're thinking," her mother said, reaching across the table and placing one hand over Celestina's. "I know how useless you feel, how helpless, how small, but you must remember this . . .He was glad that he'd taken the double dose of antiemetics. In spite of this provocation, his stomach felt as solid and secure as a bank vault..His attention, as morbid as a circling vulture, settled upon the pianist's right hand. The left was open, palm down. But the right was crumpled shut, palm up.."Those were Rowena's affectionate names for the boys when they were babies. Her private nonsense names for them, because she said they were like two beautiful little elves and ought to have elfin names."..He reached toward the dead man's closed hand, but he couldn't find the courage to touch it. He was afraid that if he pried open the stiff fingers, he would discover a quarter inside.."With this money, you won't have to cut back on the number of pies you give away--and all of that."Junior was less surprised by his sudden assault on Victoria than by the failure of the bottle to break. He was, after all, a new man since his decision on the fire tower, a man of action, who did what was necessary. But the bottle was glass, and he swung forcefully, hard enough that it smacked her forehead with a sound like a mallet cracking against a croquet ball, hard enough to put her out in an instant, maybe even hard enough to kill her, yet the Merlot remained ready to drink..With the uniformed troopers was a stocky, late-fortyish, brush-cut man in black slacks and a gray herringbone sports jacket. His face was almost pan flat, his first chin weak, his second chin stronger than the first, and his function unknown to Junior. He would have been the least likely man to be noticed in a ten-thousand-man convention of nonentities, if not for the port-wine birthmark that surrounded his right eye, darkening most of the bridge of his nose, brightening half his forehead, and returning around the eye to stain the upper portion of his cheek..When Frieda finished retching and passed out in a heap, Junior left her on the floor and immediately set out to explore her rooms..dent? You do believe that? Because I don't see ... I don't know how could work with someone who thought I was capable of . . .".See this?" He placed the pepper shaker in front of her on the room-service table and held the salt shaker concealed in his hand..She stepped on a broken-off chair leg, lost her balance, and fell backward into the side of the bed..Drawn one after the other, two knaves of spades didn't signify two deadly enemies, but meant that the enemy already predicted by the first would be unusually powerful, exceptionally dangerous..So what I am is I'm your talking eyes." Lowering her hand from his face, Angel said, "Do you know where bacon comes from?".Now out of the kitchen, along the hall, and up the stairs, two at a time, into Victoria's bedroom. Not with the intention of snaring a perverse souvenir. Merely to find a blanket..Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his

former instructor in matters meditative, had called him intense and even obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused. On second thought—no. If Seraphim had told anyone she'd been raped, the police would have been at Junior's doorstep in minutes, with a warrant for his arrest. No matter that they would have no proof. In this age of high sympathy for the previously oppressed, the word of a teenage Negro girl would have greater weight than Junior's clean record, fine reputation, and heartfelt denials. Professing befuddlement, the galerieur led the way through three rooms to the front windows, gliding across the polished maple floors as though he were on wheels. Even someone of saintly habits and selfless behavior might be a monster in his heart, filled with unspeakable desires, which he might act upon only once or never. He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs. Kneeling at her side, Junior placed the decorative pillow over her lovely face and pressed down firmly while Frank Sinatra finished "Hello, Young Lovers," and sang perhaps half of "All or Nothing at All." Victoria never regained consciousness, never had a chance to struggle. He briefly closed his hand around the three coins, then with a snap of his wrist, flung them at Nolly, who flinched. But either the coins were never flung or they vanished in midair—and his hand was empty. The subtle distortions in his vision, which caused lines of type to twist, didn't appear to trouble Barty much otherwise. He moved as quickly and as surely as ever, with his special grace. THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad. Still pretending sleep, Junior delighted in the realization that the detective himself had dragged a red herring across the trail and was now busily following this distracting scent. Not limited to a survey of the nursing staff on a single floor of the hospital, Junior used the elevators to roam higher and lower. Checking out the skirts. Celestina finally zipped shut the satchel. "You better watch out for the big bad wolf." Every nerve in Junior's body was a tautly strung trigger wire. If something set him off, he might explode so violently that he'd blow himself into a psychiatric ward. Then the old man taught it to him. But it wasn't much use, Otter thought, since he had to hide it. Bartholomew was dead but didn't know it yet. Pistol in hand, cocoon in tatters, ready to spread his butterfly wings, Junior pushed the door to the apartment inward, saw a deserted living room, softly lighted and pleasantly furnished, and was about to step across the threshold when the street door opened and into the hall came Ichabod. Two cranks operated the winch. The mortician and his assistant turned the handles in unison, and as the mechanism creaked softly, the casket slowly descended into the hole. Setting out after dark, Paul had walked south, following the coastal highway. He was accompanied by the windy rush of passing traffic, but later only by the occasional cry of a blue heron, the whisper of a salty breeze in the shore grass, and the murmur of the surf. Without pushing himself too hard, he reached La Jolla by dawn. He fiddled with the cylinder until it swung open. Five chambers, a gleaming cartridge in each. As he edged closer, to better hear the conversation, he became aware of someone staring at him. He looked up into anthracite eyes, into a gaze as sharp as that of any bird, set in the lean face of a thirty something man thinner than a winter-starved crow. With her rock of faith under her, and breathing hope as much as ever, she was nevertheless unable to be as strong for him as she wanted to be. She felt her face go soft, her mouth tremble, and when she tried to repress a sob, it burst from her with wretched force. He looked at the two cards following the four of clubs in the stack. Neither of these was a jack of spades, either, and both were what he anticipated. Out of respect for his mother, Barty struggled to hold fast to his eyeless second sight, living in the idea of a world where he still had vision, until she had been accorded the honors she deserved and had been laid to rest beside his father. AFTER SPENDING Wednesday as a tourist, Junior began to look for a suitable apartment on Thursday. In spite of his new wealth, he did not intend to pay hotel-room rates for an extended period. His wife, Dorothea, adored him, not least of all because he had taken in her eighty-year-old mother and treated that elderly lady as though she were both a duchess and a saint. He was equally generous to the poor, burying their dead at cost but with utmost dignity. In the bedroom, as he opened a suitcase on the bed, he saw the quarter. Shiny. Heads-up. On the nightstand. The reverend said, "I'm sure you underestimate my parishioners, Celestina. They won't be scandalized. They'll open their hearts." Clutching the red rose in his left hand, the brightly wrapped gift box half crushed in his right, Thomas Vanadium lay at Junior's mercy, with no tricks to perform, no quarter to set dancing across his knuckles. Now, Obadiah produced a pack of playing cards as though from a secret pocket in an invisible coat. "Like to see a little something?" Without commenting, Tom continued: "And worlds just like ours—except that my parents never met, and I was never born. Worlds in which Wally was never shot because he was too unsure of himself or just too stupid to take Celestina to dinner that night or to ask her to marry him." Kennedy, whose portraits hung side by side, the girl revealed to their mom and dad what had been done to her and also what, in her despair. "Well," Tom said, "those people who think it's just a trick generally react bigger than you folks, and you know it's real." The guest room. Bring Grace to the window. Disengage the latch. No good. Warped or painted shut. Small panes, sturdy mullions too difficult to break out. Daylight had retreated from the windows. Winter night, wound in scarfs of fog, like a leprous mendicant, rattled out a breath as though begging their attention beyond the glass. The wine tasted bitter, but Celestina knew that it was sweet. The bitterness was in her, not in the legacy of the grape. Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel. The mortician and his assistant had nearly finished dismantling the frame of the winch. Soon a worker would close the hole. Paul was a dear man, different from Joey in appearance but so like him at heart. She shocked him by insisting they go at once to his house, to his bedroom. Red-faced as no pulp hero ever had been, Paul stammered out that he wasn't expecting intimacy of her so soon, and she assured him that he wasn't going to get it so soon, either. Letting go of Maria, lowering her hand to her heart, Agnes said, "I want to see him." After making the sign of the cross, Maria said, "They must have kepted him in the eggbator until he is not dangerous. When the nurse comes, I will make her to tell me when the baby is to be safe. But I can't be leave you. I watch. I watch over."
