I can do for him now, for you. I be nobody, not.He couldn't much longer take advantage of

Paul Damascus's hospitality. Since bringing Wally to town, Tom had been staying in Paul's guest bedroom. He knew that he was welcome indefinitely, and the sense of family that he'd found with these people had only grown since January, but he nevertheless felt that he was imposing. When she still didn't meet his stare, he seized her by the chin and tipped her head back. As hard of head as she was hard of heart, Victoria had not sustained serious brain damage, only a concussion. Angel followed him and observed as he climbed a stepstool and unhooked the telephone handset. He dialed with little pause between digits, and spoke with each of his uncles. "It's there even when you read to me now. The sad feeling, I mean. It changes the story, makes it not as good, because I can't pretend I don't hear how sad you are." As Barty stepped across the threshold into the upstairs hall, Miss Pixie Lee said, "You're sweet, Barty. Angel, busy with a cookie through most of this, licked crumbs from her lips and asked Paul, "Do you have a puppy?". Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel. No matter. He was a future-focused, focused man. The past is for losers. No, wait, humility is for losers. "The past is the teat that feeds those too weak to face the future." Yes, that was the line from Zedd that Junior had stitched on a needlepoint pillow. No more than a minute after Vanadium departed, a nurse arrived in a rush, no doubt sent by the hateful cop. Hard to tell, through all the tears, if she was a looker. A nice face, perhaps. But such a stick-thin body. As terrible as the situation was for Barty, Agnes knew that it was equally difficult for Paul. She could only hold him in the night, and let herself be held. And more than once, she told him, "If worse comes to worst, don't you go walking again." Dr. Zedd's death, just last Thanksgiving, had been a blow to Junior, a loss to the nation, to the entire world. He considered it a tragedy equal to the Kennedy assassination one year previous. Artificial eyes were on order. He would soon return to Newport Beach for a third fitting before implant. They weren't glass, as commonly believed, but thin plastic shells that fit neatly behind the eyelids in the cavities left after surgery. On the inner surface of the transparent artificial cornea, the artificial iris would be skillfully hand-painted, and movement of the ocular prosthesis could be achieved by attaching the eye-moving muscles to the conjunctiva. Although the girl was unable to articulate why she preferred not to have her mother at her side, they all understood the tumult in her heart. She couldn't bear to subject her gentle and proper mother to the shame and embarrassment that she herself felt so keenly and that she imagined would grow intolerably worse in the hours or days ahead, until and even after the birth. He was focused enough, in fact, to find Bob Chicane, kill the insulting bastard and get away with it. Now, if Victoria reported to Vanadium that Junior had shown up at her door with a red rose and a bottle of Merlot and with romance on his mind, the demented detective would be on his ass again for sure. Vanadium might think that the nurse had misinterpreted the business with the ice spoon, but the intent in this instance would be unmistakable, and the crusading cop-the holy fool-would never give up. Somewhere in the world he had a deadly enemy: Bartholomew, who had something to do with babies, a total stranger yet an implacable foe. She realized she hadn't turned on the radio. Before she could reach for the switch, she was asleep. This brilliant mouthful was not nature's work alone. With what Nolly must have spent to obtain this smile, some fortunate dentist had kept a mistress in jewelry through her most nubile years. Halfway home, he heard sirens and saw the beacons of approaching emergency vehicles. He pulled the Suburban to the side of the road and watched as two fire trucks passed, followed by an ambulance. The weather was good, so he went for a walk, though he crossed the street repeatedly to avoid passing newspaper-vending machines. "Three hundred and ninety-six of the dead were children under the age of ten," Jacob continued. "A passenger train was tumbled off the tracks, killing twenty. Another train with tank cars got smashed around, and oil spilled across the flood waters, ignited, and all these people clinging to floating debris were surrounded by flames, no way to escape. Their choice was being burned alive or drowning." He had visited the library primarily to confirm that Harrison White was unquestionably dead. He'd shot the man four times. Two bullets in the gas tank of the stolen Pontiac destroyed the parsonage and should have incinerated the reverend. When you were dealing with black magic, however, you could never be too cautious. Agnes held a smile as best she could, determined that her son's final glimpse of her face would not leave him with a memory of her despair. Fully clothed, she lay atop the bedspread. She intended to listen to a little classical music before brushing her teeth. Raised by a father to whom any form of amusement was blasphemy, Agnes had never seen a magician perform until she was nineteen, when Joey Lampion, then her suitor, had taken her to a stage show. Rabbits plucked out of top hats, doves conjured from sudden plumes of smoke, assistants sawn in half and mended to walk again; every illusion that had been old even in Houdini's time was a jaw-dropping amazement to her that evening. Now she remembered a trick in which the magician had poured a pitcher of milk into a funnel fashioned from a few pages of a newspaper, causing the milk to vanish when the funnel, still dry, was unrolled to reveal ordinary newsprint. The thrill that had quivered through her that evening measured 1 on the Richter scale compared to the full 10-point sense of wonder quaking through her at the sight of Barty as dry as if he'd spent the afternoon perched fireside. This consequence of rape, the baby, was less baby to Celestina than cancer, a malignancy excised rather than a life delivered. She had been no more impelled to study the child than she would have been, charmed to examine the glistening gnarls and oozing convolutions of a freshly plucked tumor. Consequently, she could remember nothing of its squinched face. These past ten days had been the most difficult of her life, harder even than those following Joey's death. Back then, although she had lost a husband and a gentle lover and her best friend all at once, she'd had her undiminished faith, as well as her newborn son and all the promise of his future. She still had her precious boy, even though his future was to some extent blighted, and her faith remained with her, too, though diminished and offering less solace than before. For all his brilliance, however, he was still a boy who loved to run and jump and tumble. Who swung from the backyard oak tree in a rope-and-tire swing. Who was thrilled when given a tricycle. Who giggled in delight while watching his uncle Jacob roll a shiny quarter end over-end across his knuckles and perform other simple coin tricks. He could recall clearly when he had known that he would marry her: during his first year of college, when he'd returned home for the Christmas break. Away at school, he had missed her every day, and the moment that he saw her again, an abiding tension left him, and he felt at peace for the first time in months. He backed toward the hall door, watching as the fire spread. After lingering until certain that the house would soon be a seething pyre, he finally sprinted along the hall to the front door. Tom Vanadium's uninflected but curiously hypnotic voice, his pensive manner, his gray eyes so beautiful in that fractured face, his air of measured melancholy, and his evident intelligence gave him a presence that was simultaneously as solid as a great mass of granite and yet otherworldly. He heard her explain that the title of the exhibition had been inspired by one of her father's sermons, which aired on a nationally syndicated weekly radio program more than three years ago. This wasn't a religious program, per se, but rather one concerned with a search for meaning in life; it usually broadcast interviews with contemporary philosophers as well as speeches by them, but from time to

time featured a clergyman. Her father's sermon received the greatest response from listeners of anything aired on the program in twenty years, and three weeks later, it was rerun by popular demand..He had taken refuge in meditation, because he'd been frustrated by his continuing failure in the Bartholomew hunt and disturbed by his apparently paranormal experiences with quarters and with phone calls from the dead. More deeply disturbed than he had realized or had been able to admit..The city was less than seven miles on a side, only forty-six square miles, but Junior was nevertheless faced with a daunting task. Hundreds of thousands of people resided within the city limits..Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?".Footsteps in the hall drew their attention to the open door, where the surgeon appeared in his loose cotton greens..Celestina indicated to Tom that he should sit at the head of the table, facing Agnes at the foot. As Wally lowered himself into the empty chair to Tom's left, Celestina picked up two items from the sideboard and put them in front of Tom, before sitting to his right.. "One hour," he announced, establishing a countdown. In sixty minutes, his internal clock would rouse him from a meditative state..Many nights, his sleep wasn't half as restful as he would have wished, for he often dreamed of walking in a wasteland. Sometimes, desert salt flats stretched in all directions, with here and there a monument of weather-gnarled rock, all baking under a merciless sun. Sometimes, the salt was snow, and the monuments of rock were ridges of ice, revealed in the hard glare of a cold sun. Regardless of the landscape, he walked slowly, though he had the desire and the energy to proceed faster. His frustration built until it was so intolerable that he woke, kicking in the tangled sheets, restless and edgy..Too late. The parsonage was fully engulfed. With luck, they would save the church.. "Would you pretend to wake up if I tried to smother you?" asked Detective Vanadium.. "Simon's a good man. Now that he pretty much knows Cain pushed the wife, he doesn't feel better about representing him just because the payoff was big. And in the current case, he's not Cain's lawyer, so there's no conflict of interest, no ethics problem, so he's got a chance to set things right a little..".He was surprised they had come so soon, less than twenty-four hours after the tragedy. This was especially unusual, considering that a homicide detective was obsessed with the idea that rotting wood, alone, was not responsible for Naomi's death..As one, those around the table raised their eyes to the ceiling and smiled at the sound of the downpour. Barty, with patches over his empty sockets, also looked up with a smile..Flanked by Dumpsters and trash cans, through steam rising out of grates in the pavement, past parked delivery trucks, here came the dead cop. Running..Sometimes, while shaving or combing his hair, as he was looking in the bathroom or foyer mirror, Junior thought that he glimpsed a presence, dark and vaporous, less substantial than smoke, standing or moving behind him. At other times, this entity seemed to be within the mirror. He couldn't focus on it, study it, because the moment he became aware of the presence, it was gone..Embarrassed, Kathleen stopped singing, but to the other woman, Nolly said, "It is a lovely voice, isn't it? Haunting, I think..".Holding up his misshapen hands, knobby knuckles toward Agnes, Obadiah said, "How do you think they became like this?". "I'm not going anywhere," she pledged. She had realized that his voice was growing heavy with sleep. "But it's time for you to go to dreamland..".Renee Vivi spoke with a silken southern accent. Vivacious without being cloyingly coquettish, well-educated and well-read but never pretentious, direct in her conversation without seeming either bold or opinionated, she was charming company..On this momentous day, however, drawing provided no solace. Frequently, her hands shook, and she could not control the pencil..The Bones of the Earth.This was not the same card he'd found at his bedside, under two dimes and a nickel, on the night following Naomi's funeral. He had torn that one and had thrown it away..Spinning off the stool, the bun cap in one hand and the mustard dispenser clutched in the other, Junior surveyed the long narrow diner. Looking for the maniac cop. The dead maniac cop. He half expected to see Thomas Vanadium: head crusted in blood, face bashed to pulp, caked in quarry silt, and dripping water as though he'd climbed out of his Studebaker coffin just minutes ago.. "It's easy to see you as a cop," Kathleen said. All the whacks, pops, and worm buckets just trip off your tongue, so to speak. But it takes some effort to remember you're a priest, too..Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale..For a spirit, the maniac lawman appeared disturbingly solid. He wore a tweed sports jacket and slacks that, as far as Junior could tell, were the same clothes he'd worn on the night he died. Apparently, even the ghosts of Sklent's atheistic spiritual world were stuck for eternity in the clothes in which they had perished..In a red coat with a red hood, Bartholomew appeared first in the arms of the tall lanky man, the Ichabod Crane look-alike, who also had a large tote bag hanging from his shoulder..Even though he now knew what a hateful person the nurse was, he remained strongly attracted to her. He was not the kind of man, however, who would take advantage of an unconscious woman..Entering the bedroom, Junior had expected to cast aside his pistol and draw a knife. But he was no longer in a mood for close-up work. Fortunately, he'd managed to hold on to the gun..Even as the morning matured, the fog and the rain conspired to bar all but a faint gray daylight from St. Mary's. Shadows flourished..He'd wanted to give Celestina more help than she would accept. She continued working nights as a waitress for two years, while she completed classes at the Academy of Art College, and she quit her job only when she began to sell her paintings for enough to equal her wages and gratuities..The dinner guest leaned back into the car, as though to retrieve something. Perhaps he, too, had been considerate enough to bring a small gift for his hostess.. "The princess is correct," he acknowledged, revealing that this hand was still empty. Then he reached to the girl and plucked the quarter from her ear..Once, he had been a superb driver. For the past decade, his performance behind the wheel depended on his mood..A residual tension drained out of Junior. He was somewhat surprised that he had still been concerned about the song..she'd crossed herself during Edom's rant about the Tri-State Tornado of 1925. Then, she'd been warding off bad fortune; now, with a smile and a look of wonder, she was acknowledging the grace of God, which, according to the cards, had been settled generously on Bartholomew..Turning around in his seat, watching with amusement as Celestina fumbled nervously with the currency, the cabbie said, "You're not scared, not you. Sitting back there so silent most all the way, you weren't thinking about being famous. You were thinking about that girl of yours..".A spirit-shredding bleakness clawed at her, but she couldn't permit it to leave her in tatters. If she traded hope for despair, as her brothers had done, Bartholomew would be finished before he'd begun. She owed him optimism, lessons in the joy of life.. "Do you want me to call and confirm how Vanadium was harassing you up here?" asked Magusson..He stepped to the front door, which was framed by curtained side lights. He drew one of the curtains aside and peered out..Since her conversation with Joshua Nunn the previous Thursday, she'd had more than four days to armor herself for the worst. She prepared for it as well as any mother could while still holding on to her sanity..Flush with the promise of their engagement, still excited by the success at the gallery, with Angel exuberant in spite of the hour and Oreo energized, he was amazed that they had made the transfer

of the little red whirlwind from house to Buick to house with nothing else forgotten other than one purse. Celie called it ballet, but Wally thought that it was merely momentary order in chaos, the challenging-joyous-frustrating-delightful-exhilarating chaos of a life full of hope and love and children, which he wouldn't have traded for calm or kingdoms..Yet through the summer of 1966, following this call, he acted like a man who was haunted. A sudden draft, even if warm, chilled him and caused him to turn in circles, seeking the source. In the middle of the night, the most innocent of sounds could scramble him from bed and send him on a search of the apartment, flinching from harmless shadows and twitching at looming invisibilities that he imagined he saw at the edges of his vision..The verdant hills to the east lay like slumbering giants under blankets of winter grass, bright in the morning sun. But when the shadows of clouds sailed off the sea and gathered inland, the slopes darkened to a blackish green, as somber as shrouds, and a landscape that had appeared to be sleeping forms now looked dead and cold..He stashed two suitcases full of clothes and toiletries-plus the contents of Pinchbeck's safe-deposit box-in the van, and then added those precious items that he'd be loath to lose if the hit on Bartholomew went wrong, forcing him to leave his Russian Hill life and flee arrest. The works of Caesar Zedd. Sklent's three brilliant paintings. The needlepoint pillows, to which he'd colorfully applied the wisdom of Zedd, constituted the bulk of this collection of bare essentials: 102 pillows in numerous shapes and sizes, which he had completed in just thirteen months of feverish stitchery--These weren't lakes of blood, just smears, so Junior could wipe them up quickly, once he got the corpse out of the hallway, but the sight of them further infuriated him. He was here to bring closure to all the unfinished business of Spruce Hills, to free himself from vengeful spirits, to better his life and plunge henceforth entirely into a bright new future. He wasn't here, damn it, to do building maintenance..Sparky Vox-with less training in theology and philosophy than his guest, but with a spiritual insight that any overeducated Jesuit would have to admire, even if grudgingly-had settled Vanadium's uneasy conscience. "The problem with movies and books is they make evil look glamorous, exciting, when it's no such thing. It's boring and it's depressing and it's stupid. Criminals are all after cheap thrills and easy money, and when they get them, all they want is more of the same, over and over. They're shallow, empty, boring people who couldn't give you five minutes of interesting conversation if you had the piss-poor luck to be at a party full of them. Maybe some can be monkey-clever some of the time, but they aren't hardly ever smart. God must surely want us to laugh at these fools, because if we don't laugh at 'em, then one way or another, we give 'em respect. If you don't mock a bastard like Cain, if you fear him too much or even if you just look at him in an all-solemn sort of way, then you're paying him more respect than I ever intend to. Another glass of wine?".Eleven years later, a few months after marrying Agnes, Joey mysteriously invited Edom to accompany him on "a little drive," and took his bewildered brother-in-law to a nursery. They returned home with fifty pound bags of special mulch, jars of plant food, and an array of new tools. Together, they stripped the sod from the side yard, turned the soil, and prepared the ground for the rich variety of hybrid starter plants that were delivered the following week..Could any spell of magic make,,"God bless us, every one," Agnes repeated with all her extended family, and after a sip of the wine, she made an excuse to check on something in the kitchen, where she pressed hot tears into a cool, slightly damp dishtowel to prevent the telltale swelling of her eyes.."I didn't know it myself till I realized I was right in your neighborhood. I assumed your mother and Angel would be here, and I hoped you might be. If I'm intruding-".Now, twenty-four hours later, when Sparky answered his telephone and heard Tom Vanadium, he said, "You looking for a little company? I've got another bottle of Merlot where the last one came from."
