"If there's a presentation, I assume then I'm the presentee," he said, taming his chair sideways to the table and taking her into his lap. "Just remember, I never wear neckties." "Bullpoo might not be what they say, but it's the worst that we say. And in fact, in this house, bulldoody is preferred." "Oh!" She blotted her eyes on the heels of

her hands. "Wait! Give me a second chance. I can do it better, I'm sure I can." She worried that her anxiety would prove contagious, that when her fear infected her boy, he would be less able to fight whatever hateful thing had taken seed in his right eye. So burning with anger was he that his car, by direct thermal transmission from his hands upon the wheel, should have been glowing cherry red in the January night, should have been scorching tunnels of clear dry air through the cold fog. Rancor, virulence, acrimony, vehemence: All words learned for the purpose of self-improvement were useless to him now, because none adequately conveyed the merest minimum of his anger, which swelled as vast and molten as the sun, far more formidable than his assiduously enhanced vocabulary. To Nolly, Kathleen said, "This is why I married you. To be around talk like this." The mortician and his assistant had nearly finished dismantling the frame of the winch. Soon a worker would close the hole. The search for Cain was secondary. Getting to the revolver took Priority. Regain the gun and then proceed room by haunted room to hunt him down. Hunt him down, if he was here. And if Cain didn't do the hunting first. Your deeds ... will return to you, magnified beyond imagining ... the spirit of Bartholomew ... will find you ... and mete out the terrible judgment that you deserve. In addition to these scavengers, another presence was here, unseen but not unfelt. The chill of this invisible entity pierced Junior to the marrow: the stubborn, vicious, psychotic, prickly-bur spirit of Thomas Vanadium, maniac cop, not satisfied to haunt the house in which he'd died, not ready yet to seek reincarnation, but instead pursuing his beleaguered suspect even after death, capering--to paraphrase Sklent like an invisible, filthy, scabby monkey here on this city street, in bright daylight. "I got to admit," Nolly said, "I'm surprised these little pranks have rattled him so deeply." Agnes remained mystified by this talk, but a week before, in the rain-swept cemetery, she had learned there was substance to it. The window didn't face the street. It overlooked a five-foot-wide passageway between this house and the next. The police might not spot him leaving. Agnes knew now why this prognostication had dismayed rather charmed her: If you dared to believe in the good fortune predicted he cards, then you were obliged to believe in the bad, as well. It to the granite-topped secretary, and sat in front of the telephone. Previously, STILL WEARING HIS white pharmacy smock over a white shirt and black slacks, striding purposefully along the streets of Bright Beach, under a malignant-gray twilight sky worthy of a Weird Tales cover, with ominous accompanying rhythm provided by wind-clattered palm fronds overhead, Paul Damascus headed home for the day. In cases like this, the malignancy is often more advanced in one eye than the other. If the size of the tumor requires it, we remove the eye containing the greatest malignancy, and we treat the remaining eye with radiation." Copyright (c) 1999 by Ursula K. Le Guin. "Dragonfly" first appeared in Legends. In her arms, little Barty burred contentedly, unaware that his destiny supposedly included epic love, fabulous riches, and violence. He swore that he would throw away all memory of this incident, as well. In Caesar Zedd's best-selling How to Deny the Power of the Past, the author offers a series of techniques for expunging forever all recollection of those events that cause us psychological damage, pain, or even merely embarrassment. Junior went to bed with his precious copy of this book and a snifter of cognac filled almost to the brim. Nolly shook his head, setting a cotillion of warts and moles adance on his pendulous cheeks. "Ask any adoptee who, as an adult, has tried to team the names of his real parents. Easier to drag a freight train up a mountain by your teeth." "Is it as bad as that?" Celestina wondered plaintively, though she knew the answer. "I love San Francisco. The city inspires my work. I've built a life here. Is it really as bad as that?" "My dad's already armored me," Celestina assured her. "He says art lasts, but critics are the buzzing insects of a single summer day." At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs. Snap, snap, snap! Three more quarters ricocheted off the left side of his face-temple, cheek, jaw. "Mr. Magusson, you once told me that if Detective Vanadium ever bothered me again, you'd have his choke chain yanked. Well, I think you need to talk to someone about that." In either case, printing the name in blood was a ritualistic act, and ritualism of this nature was an unmistakable symptom of a seriously unbalanced mind. Evidently, the wife killer would be easier to crack than expected, because his shell was already badly fractured. "Mrs. Lampion, in a case like this, I've found that the greatest mercy is directness. Your son has retinoblastoma. A malignancy of the retina." Eventually Junior crossed the room to stand before Industrial Woman in all her scrap-metal glory. Her soup-pot breasts reminded him of Frieda's equally abundant bosom, and unfortunately her mouth, open wide in a silent shriek, reminded him of Frieda retching. "Because Cain had called him to get a recommendation of a P. I. here in San Francisco," said Kathleen. "To find out what happened to Seraphim White's baby." One of the coin seekers knocked against Junior, jarring him loose of his paralysis, but when he stumbled out of the line of fire of the second vending machine, a third machine shot quarters at him. Junior hurried out of the kitchen and along the hallway to the front door. He ran silently, landing on his toes like a dancer. His natural athletic grace was one of the things that drew so many women to him. The girl was creepy, no doubt about it, and Junior felt now precisely as he had felt on the night of Celestina's exhibition at the Greenbaum Gallery, when he had come out of the alleyway after disposing of Neddy Gnathic in the Dumpster and had checked his watch only to discover his bare wrist. He was missing something here, too, but it wasn't merely a Rolex, wasn't a thing at all, but an insight, a profound truth. Rudy Hackachak--Big Rude to his friends--was six feet four, as rough-hewn as a log sculpture carved with a woodsman's ax. In a green polyester suit with sleeves an inch too short, an unfortunate urine yellow shirt, and a tie that might have been the national flag of a third world country famous for nothing but a lack of design sense, he looked like Dr. Frankenstein's beast gussied up for an evening of barhopping in Transylvania. From her Volkswagen bus in the middle of the line, Maria joined them. "In case we get separated, Agnes, I don't have an itinerary." Swinging toward the open door, he saw that the dead detective was true to his word: He wasn't here. Cain turned the pistol on Barty, but when Tom charged, Cain swung toward him once more. The round that he fired would have been a crippler, maybe a killer, except that Angel launched herself off the window seat behind Cain and gave him a hard shove, spoiling his aim. The killer stumbled and then shimmered. The family didn't exist in anticipation of developments with Barty and Angel, didn't put the pair at the center of their world. Instead, they did the good work, shared the satisfactions that came daily with being part of Pie Lady Services, and got on with life. If that was the bright side, however, it was a piss-poor bright side (no pun intended), because he was still stuck in this men's room with a corpse, and he couldn't stay here for the rest of his life, surviving on tap water and paper-towel sandwiches but he couldn't leave the body to be found, either, because the police would be all over the gallery before the reception ended, before he had a chance to follow Celestina home. The owner's attitude softened somewhat with Junior's reference to the quarter, and softened even further when together they returned to the counter to see the proof in the cheese. He went from righteous anger to abject apology. find the detective's unlikely theory and persistent

questioning to be tedious. "I seriously doubt that a dose of ipecac would produce such a violent response as in this case-not pharyngeal hemorrhage, for God's. In the hall that served the two ground-floor apartments, they encountered Rena Moller, the elderly woman who lived in the unit across from theirs. She was polishing the dark wood of her front door with lemon oil, a sure sign that her son and his family were coming to dinner..The first time, she required a pencil, paper, and nine minutes to calculate the number of elapsed seconds since an event that had occurred 125 years, six months, and eight days in the past. Her answer differed from his, but while proofing her numbers, she realized that she had forgotten to factor in leap years..Tuesday morning, while he showered with a swimming cockroach that was as exuberant as a golden retriever in the motel's lukewarm water, Junior vowed never to kill again. Except in self-defense..around a long time yet, but women outlive men by several years. Actuarial tables aren't wrong."..After his conversation with Magusson, however, Junior realized this fear was irrational. If the detective had miraculously escaped the cold waters of the lake, he would have been in need of emergency medical treatment. He would have staggered or crawled to the county highway in search of help, unaware that Junior had framed him for Victoria's murder, too badly wounded to care about anything but getting medical attention..The dining table could accommodate six, and Agnes instructed Maria to set two places on each of the long sides, leaving the ends unused. "It'll be cozier if we all sit across from one another."..Warily, Junior ventured into the gallery to make inquiries. He expected the staff to express utter bafflement at the name Celestina White, expected the poster to have vanished when he returned to the display window..Junior knew that he looked as guilty as any man had ever looked this side of the first apple and the perfect garden. The sweating, the spasms of violent tremors, the defensive note that he could not keep out of his voice, the inability to look anyone directly in the eyes for more than a few seconds-all were telltales that none of these professionals would overlook. He desperately needed to get a grip on himself, but he couldn't find a handle..Bartholomew didn't merely have something to do with babies. Bartholomew was a baby..As outgoing as his twin uncles were introverted, Barty didn't withdraw from the festivities. Agnes never needed to remind him that family and guests took precedence over even the most fascinating characters in fiction, and the boy's delight in the company of others pleased his mother and made her proud..Alone again with Wally, Celestina said, "They told me that once you regained consciousness, I can only visit ten minutes at a time, and not that often, either."..He waited for Otter to nod, but Otter stood motionless..The toast now came to Celestina. "To Phimie, who will be with me in memory every hour of every day for the rest of my life, until she is with me again for real. And to ... to this most momentous day."..He had been warned about this accuracy issue by the thumbless young thug who delivered the weapon in a bag of Chinese takeout, in Old St. Mary's Church. Junior tended to believe the warning, because he figured the eight-fingered felon might have been deprived of his thumbs as punishment for having forgotten to relay the same or an equally important message to a customer in the past, thus assuring his current conscientious attention to detail..Her mother and father still resided in a world where Phimie was alive. Bringing them from that old reality to this new one would be the second-hardest thing Celestina had ever done..He did not answer Hound's question..Junior was accustomed to having women seduce him. His good looks were a blessing of nature. His commitment to improving his mind made him interesting. Most important, from the books of Caesar Zedd, he had learned how to be irresistibly charming..Dragonfly..On one wall hung an impressive array of gardening tools. In the corner was a potting bench..Drawn by voices on the second floor, Tom took the stairs two at a time. A man and a boy. Barty and Cain. To the left in the hallway, and then to a room on the right..On Sunday, New Year's Eve, Edom and Jacob came for dinner. Following dessert, when Barty went to his room to continue reading Starman Jones, which he had begun late that afternoon, Agnes told her brothers the truth about their nephew's eyes..Sitting up in bed, he passed a little time reading favorite, marked passages in Zedd's You Are the World. The book presented a brilliant argument that selfishness was the most misunderstood, moral, rational, and courageous of all human motivations..One detail. One only. It was a crucial detail, however, one that she absolutely must confirm before she left St. Mary's, even if she would be required to look at the child once more, this spawn of violence, this killer of her sister..Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said..Perhaps he would not have leaped along this chain of conclusions if he'd not been an admirer of Caesar Zedd, for Zedd teaches that too often society encourages us to dismiss certain insights as illogical, even when in fact these insights arise from animal instinct and are the closest thing to unalloyed truth we will ever know..In a swirl of London Fog and righteous indignation, Neddy turned his back on Junior and drifted away through the nibbling, nattering crowd..In the spring and summer of '66, he flew to Memphis, Tennessee, stayed a few days, and walked 288 miles to St. Louis. From St. Louis he hiked west 253 miles to Kansas City, Missouri, and then southwest to Wichita. From Wichita to Oklahoma City. From Oklahoma City east to Fort Smith, Arkansas, from whence he rode home to Bright Beach on a series of Greyhound buses.. "I know Edom and Jacob have been a burden," said Vinnie, "you having to be responsible for them-". Gradually, she perceived that Lipscomb was more troubled than he should have been, considering that his patient had died through no fault of his own..Back in January, when he received the disappointing report from Nolly Wulfstan, Junior was not convinced that the private detective had exercised due diligence in his investigation. He suspected that Wulfstan's ugliness was matched by his laziness.. "He's a hollow man," Vanadium said. "He believes in nothing. Hollow men are vulnerable to anyone who offers them something that might fill the void and make them feel less empty. So-". Averting his eyes from Vanadium's face, Junior moved farther up the stocky body. He folded back the tweed sports jacket to reveal a shoulder holster..Gifted with unusual powers of visual observation, the girl was quick to notice the slightest changes in her world. The sparkling engagement ring on Celestina's left hand had not escaped her notice..The cheerful tides of friends and neighbors, over the years, had washed away nearly all the stains that the dark rage of Agnes's father had impressed on these rooms. She hoped her brothers might eventually see that hatred and anger are only scars upon a beach, while love is the rolling surf that ceaselessly smooths the sand..Wally drove slowly, carefully, with all the responsibility that you would expect from an obstetrician, pediatrician, and spanking-new fianc?. The trip home to Pacific Heights took twice as long as it would have taken in clear weather on a night without a pledge of troth..When he noticed that twilight had come and gone, he realized also that he'd walked through Bright Beach, along Pacific Coast Highway, and south into the neighboring town. Perhaps ten miles..Indeed, even the distinct fragrance of pulp paper, yellow with age, was alone sufficient to start him fantasizing.. "In a way, he does," Vanadium said. "When you're as hollow as Enoch Cain, the emptiness aches. He's desperate to fill it, but he doesn't

have the patience or the commitment to fill it with anything worthwhile. Love, charity, faith, wisdom-those virtues and others are hard won, with commitment and patience, and we acquire them one spoonful at a time. Cain wants to be filled quickly. He wants the emptiness inside poured full, in quick great gushes, and right now. ".THE SUN ROSE above clouds, above fog, and with the gray day came a silver drizzle. The city was lanced by needles of rain, and filth drained from it, swelling the gutters with a poisonous flood.. "As long as the case was open and you were the sole suspect," said the lawyer, "they couldn't negotiate an out-of-court settlement with you. But they were afraid that if eventually they couldn't prove you killed her, then they'd be in an even worse position when a wrongful death suit finally went before a jury."..Although he found Magusson's face sufficiently disturbing that he avoided looking at it more than necessary, and though Magusson's bulging eyes were so moist with bitterness and with need that they inspired nightmares, Junior shifted his gaze from his half-numb hands to his attorney. "Luck? I lost my wife. And my unborn baby."..The glimmering bay and the shimmering amber candlelight provided the perfect atmosphere for the song that arose now from the piano in the bar..When she discovered she was pregnant, Phimie dealt with this new trauma as other naive fifteen-year-olds had done before her: She sought to avoid the scorn and the reproach that she imagined would be heaped upon her for having failed to reveal the rape at the time it occurred. With no serious thought to long-term consequences, focused solely on the looming moment, in a state of denial, she made plans to conceal her condition as long as possible..The hardest was being in this room at the very moment when Phimie had moved on. Celestina knew beyond doubt that this was the worst thing she would have to endure in all her life, worse than her own death when it came..Ichabod passed Bartholomew through the open door to Celestina in the passenger's seat, went around the Buick, put the tote bag in the back, and climbed behind the wheel once more..In the brief silence between cuts on the album, he heard the clink of the wineglass against the bottle of Merlot, as the visitor evidently gathered them from the floor..Yet had the obstacles been piled twice as high, the time had come to put into words what they felt for each other and to decide what they intended to do about it. Celestina knew that in depth and intensity, as well as in the promise of passion, Wally's love for her equaled hers for him; out of respect for her and perhaps because the sweet man doubted his desirability, he tried to conceal the true power of his feelings and actually thought he succeeded, though in fact he was radiant with love. His once-brotherly kisses on the cheek, his touches, his admiring looks were all still chaste but ever more tender with the passage of time; and when he held her hand-as in the gallery this evening-whether as a show of support or simply to keep her safely beside him in a crosswalk on a busy street, dear Wally was overcome by a wistfulness and a longing that Celestina vividly remembered from Junior high school, when thirteen-year-old boys, their gazes filled with purest adoration, would be struck numb and mute by the conflict between yearning and inexperience. On three occasions recently, he seemed on the brink of revealing his feelings, which he would expect to surprise if not shock her, but the moment had never been quite right.. "Honey," she said, crouching to peer at him through the vertical slats of the playpen, "what're you doing?". The bow business had started a few months ago. Angel said she wanted to look pretty in her sleep, in case she met a handsome prince in her dreams..The night was holding its breath again, the previous breeze now pent up in the breast of darkness..Angel moved her hand to Barty's right eye, and again he didn't twitch with surprise when her fingers lightly touched his closed and sagging lid. "I won't let you forget."..To achieve certain narrative effects, I've fiddled slightly with the floor plan and the interior design of St. Mary's Hospital in San Francisco. In this story, the characters who work at St. Mary's are fictional and are not modeled after anyone on the staff of that excellent institution, either past or present..When together in Agnes's company, Edom and Jacob were brothers, comfortable with each other. But together, just the two, no Agnes, they were more awkward than strangers, because strangers had no shared history to overcome..This time, however, the singing lasted longer than before, long enough for him to become suspicious of the heating ducts. These rooms had ten-foot ceilings, and the ducts opened high in the walls.
