being held. They're in the Columbia District-not far from the Communications Center. If there was some way of getting Borftein out and taking him in on our plan, it would stand a much better chance of having the effect you want on the Army." Then as an afterthought she added, "And if Wellesley could be included as well as Borftein, it might help to make up for some of the things we can't prove." She shifted her gaze around the room and eventually allowed it to settle on Colman. "But I don't know if something like that would be possible." .see which way he would go..Inside, Stanislaw shut down the flight-control systems, then walked into the passenger compartment without turning on the cabin lights to join Colman, Maddock, Fuller, and Carson, who were sitting with a large picture-crate propped between them, and a pile of cartons, tools, and packing materials around their feet. Veronica was with them, wearing Army fatigue dress under a combat blouse, her once long and wavy head of red hair cut short beneath her cap and shorn to regulation length at the back. Maddock climbed over the litter to open the door, and then climbed out with Carson and Fuller; Stanislaw stayed inside to help in the unloading. Colman looked at Veronica's face, shadowy in the subdued light coming from outside. "Feel okay?" he asked..Although trembling with the pressure of his misplaced rage, he doesn't vent it, but leaves Curtis before she had been able to return here. "By my authority." Matthew Stern rose from his seat and came round onto the floor to face the assembly defiantly. "This prattling has continued for too long. I have no eloquent speeches to make. Enough time has been wasted on such futilities already. You will all proceed now, under escort, to quarters that have been allocated and remain there until further notice. We have business to attend to." He nodded at Stormbel, who motioned at the guards. "I would like Admiral Slessor's to remain behind to discuss matters concerning the continued well-being of the ship." "Still, man, that was impressively more colorful than anything I was expecting. "Excuse me," he said to the bargain-basement Thor as the hammer arced high over the hood again, and.Lechat told Fulmire that he no longer thought it advisable to attempt setting up a Terran community alongside the totally unfamiliar experience of Franklin--at least, not immediately, The Terrans would need time to readjust, and in the meantime they would cling to their Own familiar ways and customs. The proximity of Franklin would only cause tensions. Lechat believed, therefore, that the migration to the surface should be halted completely, the existing plans abandoned, and a new Terran settlement established elsewhere for the transition period. An area called Iberia, on the south coast of western Selene, would be a suitable place, he thought. Lechat didn't

He had brought Kath and their four-year-old son Alex up to the ship to be present with him at the unveiling ceremony being held in the main concourse of the new nose section. Many of the faces from five years back were there too, Few of them had lost contact during that time, but it was rare for so many of them to be in the same place at the same time, except for their annual reunions. Most of I) Company had assembled for the event-Sirocco, with Shirley and their twin daughters; Hanlon, who now instructed at the martial arts academy in Franklin, with Janet and their two children; Driscoll, who had taken a rest from his touring magic show, one of Chiron's major entertainment attractions; Stanislaw, now a computer software expert; Swyley, who directed and produced- movies, usually about the American underworld, along with a couple of the pretty girls who seemed to surround him wherever he went;. . and there were others. Jean Fallows was heading a research project in biochemistry at the university where Pernak still investigated "small bangs"; Marie was a biology student there too. Jay, now twenty and with a young son, had built an old-fashioned railroad into Franklin-now a sizable and thriving city-which used full-scale steam loco
