Once, when I was a girl, I chopped through a chunk of ice to get to an earring my mother bad dropped the night before in a winter dance. That block of ice was the coldest and hardest ice any man or woman had ever seen. This block is ten degrees colder. Can you chop through it?".By the end of July he had refined and miniaturized the device and had extended its sensitivity range into the infrared. He spent most of August, when he should have been on vacation, trying various methods of detecting sound through the device. By focusing on the interior of a speaker's larynx and using infrared, he was able to convert the visible vibrations of the vocal cords into sound of fair quality, but that did not satisfy him. He worked for a while on vibrations picked up from panes of glass in windows and on framed pictures, and he experimented briefly with the diaphragms in speaker systems, intercoms and telephones. He kept on into October without stopping and finally achieved a system that would give tinny but recognizable sound from any vibrating surface?a wall, a floor, even the speaker's own cheek or forehead..Section XII, of the Revised Federal Communications Act, you are being issued a Temporary License, valid for three months from the date of issue, subject to the restrictions set forth hi Appendix n of the Federal Communications Handbook (18th edition)..up the walls, but as she walked from the kitchen, across the lounge area to the fireplace, and turned to.development of the clone.
