Take care, Leon."..Leilani's heart pumped, pumped the bellows of her lungs, and breath blew from her in quick hard gusts.."One of our people has been killed, and there are set procedures that we hove to follow," the major announced. "My orders require me to take you three back with us. It would make things a lot easier for everybody if you complied. I'm sorry, but I don't have any choice."..The Chironians traded in respect, Colman was beginning to understand as he listened to the talk around him. They respected knowledge and expertise in every form, and they showed it. Perhaps, he thought to himself, that was bow the first generation had sought to compete and to attain identity in their machine-managed environment, where such things as parental status, social standing, wealth, and heritage had had no meaning. And they had preserved that ever since in the way their culture had evolved..grunting, gasping, snake-killing rage and terror. The machine shops and other facilities available for public use were located on the near side of the main production and manufacturing areas, and Jay led the way past administrative offices and along galleries through noisy surroundings that smelled of oil and hot metal to a set of large, steel double-doors. A smaller side door brought them to a check in counter topped by a glass partition behind which the attendant and a watchman were playing cribbage across a scratched and battered metal desk. The attendant stood and shuffled over when Jay and Pernak appeared, and Jay presented a school pass which entitled him to free use of the facilities. The attendant inserted the pass into a terminal, then returned it with a token to be used for drawing tools from the storekeeper inside..Ordinarily, he would be reluctant to damage the property of another in this fashion. "A communications specialist at Brigade"..congressman as they enjoyed the spectacle in the street below... but then diminishes and fades entirely away.."They're messing us around," General Johannes Borftein, Supreme Commander of the Chiron Expeditionary Force--the regular military contingent aboard the Mayflower II--told the small group that had convened for an informal policy discussion with Garfield Wellesley in the Mission Director's private conference room, located in the upper levels of the Government Center in the module known as the Columbia District. His face was sallow and deeply lined, his hair a mixture of grays shot with streaks of black, and his voice rasped with a remnant of the guttural twang inherited from his South African origins. "We've got two years to get this show organized, and they're playing games. We don't have the time. We haven't seen any evidence of a defense program down there. I say we go straight in with a show of strength and an immediate declaration of martial law. It's the best way."..This time, Micky resisted being charmed. "That's not funny, Leilani." "Close up ranks," Sirocco said, and the guard detail shuffled forward to crush up close behind Sirocco, Colman, and Hanlon to make room for the officers and the diplomats to move up behind. Sirocco looked at the Dispatching Officer and nodded. "Open outer hatch." Consequently, Micky wasn't able to.only together. Whether they live or die, they will live or die as one. His destiny is hers, and her fate is..Bernard Fallows leaned alongside the sliding glass door in the living room and stared out at the lawn behind the apartment while he wondered to himself when he would be free to begin his new career at Port Norday. He had broached the subject to Kath, as he now knew she had guessed he would, and she had told him simply that the people there who had met him were looking forward to working with him. But he had agreed with Pernak and Lechat that a nucleus of people capable of taking rational control of events would have to remain available until the last possibility of extreme threats to the Chironians went away, and that Ramisson's Integrationist platform, to which Lechat had now allied himself, needed support to allow the old order to extinguish itself via its own processes..Micky said, "He
