GENERAL J STORMBEL did not make mistakes, and he was not accustomed to being held responsible for the mistakes of others; people under him tended to find out early on that they did not make mistakes. Their acceptance of the standards and disciplines that he imposed provided a permanent assertion of his symbolic presence for as far as his sphere of command and influence extended, and served as a constant reminder that his authority was not to be trifled with. Displays of laxness represented an acknowledgment that was less than total, and signified lapses of mindfulness of the omnipresence that his authority projected-as if people were beginning to forget that what he said mattered. Stormbel didn't like that. He didn't like people acting as if he didn't matter.. "What About her? "-an unfamiliar face by the side of Swyley, who was still standing. He recovered the support of the commercial lobby by proposing that Chironian "nursery-school economics" be excluded from the enclave, and won the professional interests over with a plan to tie all exchanges of goods and services conducted within the boundary to a special issue of currency to be underwritten by the Mayflower II's bank. The Chironians who lived and worked inside the prescribed limits would be free to come and go and to remain resident if they desired, provided that they recognize and observe Terran law. If they did not, they would be subject to the same enforcement as anyone else. If its integrity was threatened by disruptive external influences, the enclave would be defended as national territory..Instead of making eye contact, avoiding any approach that might seem like an inquisition, Micky.filtered cacophony into a muted clump-and-crackle..Lechat didn't respond immediately. Eve Verity elaborated. "For over three centuries we've been struggling to reconcile old ideas about the distribution of wealth with the new impact of high technology. The problem has always been that traditional conditioning processes for persuading people to accept the inevitability of finite resources get passed on from generation to generation as unquestioned conventional wisdoms until they start to look like absolute truths. Wealth was always something that had to be competed and fought for. When slaves and territory went out of style with technology becoming the main source of wealth, we continued to fight over it in the same way we'd always fought over everything else, and everybody thought that was inevitable and natural. They couldn't separate the old theories from the new facts." Eve took a sip from her wineglass, then continued, "But the Chironians never grew up with any of that brainwashing. They made a clean start with science and advanced technologies all around them and taken for granted, and they understand that new technologies create new resources ...without limit.".that hand is a human ear..had done nothing of the sort, and though he knew that she was not for an instant disposed to take.The hunter has a handsome, potentially genial face.
