As always in uncertainty, she asked herself what her mother would do in this situation. Grace, of infinite

grace, unfailingly did precisely the needed thing, knew exactly the right words to console, to enlighten, to charm a smile out of even the miserable. Often, however, the needed thing involved no words, because in our journey we so often feel abandoned, and we need only to be reassured that we are not alone. Instead, he encountered an elderly woman getting out of a red Pontiac with a fox tail tied to the radio antenna. A quick glance around confirmed that they were unobserved, so he clubbed her on the back of the head with the butt of his 9-mm pistol. Five days ago, reasoning that an unscrupulous attorney would know how to find an equally unscrupulous private detective, even across state borders, Junior had phoned Simon Magusson, in Spruce Hills, for a confidential recommendation. Apparently, there also existed a brotherhood of the terminally ugly, the members of which sent business to one another. Magusson—he of the large head, small ears, and protuberant eyes—had referred Junior to Nolly Wulfstan. He possessed vast files on tragic fires, and most of them were committed to memory. In Vienna's magnificent Ring Theater, December 8, a blaze claimed 850 lives. On May 25, 1887, 200 dead at the Opera Comique, Paris. November 28, 1942, in the Coconut Grove nightclub in Boston—when Jacob was only fourteen years old and already. Junior couldn't imagine why some Negro stranger would want to intrude. He hoped there wouldn't be trouble. "But I've never seen a case like this. Usually, boils appear on the back of the neck. And in moist areas like the armpits and the groin. Not so often on the face. And never in a quantity like this. Really, I've never seen anything like it." In a red coat with a red hood, Bartholomew appeared first in the arms of the tall lanky man, the Ichabod Crane look-alike, who also had a large tote bag hanging from his shoulder. Thanks to his intelligence and his personality, Barty's presence was so great for his age that Agnes tended to think of him as being physically larger and stronger than he actually was. As the scent of grass grew more complex and even more appealing, she saw her son more clearly than she'd seen him in a while: quite small, fatherless yet brave, burdened with a gift that was a blessing but that also made a normal boyhood impossible, forced to grow up at a faster pace than any child should be required to endure. Barty was achingly delicate, so vulnerable that when Agnes looked at him, she felt a little of the awful sense of helplessness that burdened Edom and Jacob. His conscience as a craftsman would not let him fault the carpentry of the ship in any way; but his conscience as a wizard told him he could put a hex on her, a curse woven right into her beams and hull. Surely that was using the secret art to a good end? For harm, yes, but only to harm the harmful. He did not talk to his teachers about it. If he was doing wrong, it was none of their fault and they would know nothing about it. He thought about it for a long time, working out how to do it, making the spell very carefully. It was the reversal of a finding charm: a losing charm, he called it to himself. The ship would float, and handle well, and steer, but she would never steer quite true. He turned from the cowering girl and studied the boy, who stood a few steps inside the room, holding a can of soda in each hand. The artificial eyes were convincing, but they didn't possess the knowing look that so troubled him in the strange girl. This philosophy had worked for him previously, but forgetting the aftermath was more difficult when the aftermath was your own poor, torn, severed toe. Your own poor, torn, severed toe was infinitely more difficult to ignore than a busload of dead nuns. He stabbed Prosser, however, merely to relieve his frustration and to enliven the dull routine of a life made dreary by the tedious Bartholomew hunt and by loveless sex. In return for more excitement, he'd assumed greater risk, to mitigate risk, he must have insurance. Without sigh or complaint, he would walk back to her with the purse. The errand was no trouble. In fact, returning the purse would give him a chance to get another good-night kiss. Agnes held a smile as best she could, determined that her son's final glimpse of her face would not leave him with a memory of her despair. Tom was alone. The place should be silent. Hanna Rey, the housekeeper, wasn't scheduled to arrive until ten o'clock. Ghosts. Sklent was an atheist, and yet he believed in spirits. Here's how that works: Heaven, Hell, and God do not exist, but human beings are as much energy as flesh, and when the flesh gives out, the energy goes on. "We're the most stubborn, selfish, greedy, grubbing, vicious, psychotic, evil species in the universe," Sklent explained, "and some of us just refuse to die, we're too hardass to die. The spirit is a prickly bur of energy that sometimes clings to places and people that were once important to us, so then you get haunted houses, poor bastards still tormented by their dead wives, and crap like that. And sometimes, the bur attaches itself to the embryo in some slut who's just been knocked up, so you get reincarnation. You don't need a god for all this. It's just the way things are. Life and the afterlife are the same place, right here, right now, and we're all just a bunch of filthy, scabby monkeys tumbling through an endless damn series of barrels." The masterpiece that Junior purchased was small, a sixteen-inch-square canvas, but it cost twenty-seven hundred dollars. The entire picture—titled *The Cancer Lurks Unseen, Version 1*—was flat black, except for a small gnarled mass, bile-green and pus-yellow, in the upper-right quadrant. Worth every penny. Barty followed the movement of her hand, raised his gaze to her eyes, hesitated, and then said questioningly, "No pie?" Waking from a bad dream, he sometimes thought he heard the ratcheting of gear-wheel feet. The scrape and creak of rusted iron joints. The clink of rake-tine fingers rattling against one another. TALES FROM their work, tears were followed by reminiscences that brought a smile and soothed, and hope was always found to be the flower that bloomed from every seed of hopelessness. Angel raised her attention from the salt shaker to Tom's face, studied his scars for a moment, and said, "No." "Naomi—she popped out of my oven twenty years ago, not out of yours," Sheena continued in a fierce whisper. "If anyone's suffering here, it's me, not you. Who're you, anyway? Some guy who's been boinking her for a couple years, that's all you are. I'm her mother. You can never know my pain. And if you don't stand with this family to make these wankers pay up big-time, I'll personally cut your balls off while you're sleeping and feed them to my cat." During the preparation of the cards, Barty had fallen asleep in his mother's arms, but with the revelation of his name on the ace, he had awakened again, perhaps because with his head resting on her bosom, he was alarmed by the sudden acceleration of her heartbeat. When he judged that he was near the porch steps, he probed with his cane. Two paces later, the tip rapped the lowest step. Because you can walk in the rain without getting wet, because you walk in SOME OTHER PLACE, and God knows where that place is or whether YOU COULD GET STUCK THERE somehow, get stuck there AND NEVER COME BACK, and if you can do this, there's surely other impossible things you can do, and even as smart as you are, you can't know the dangers of doing these things—nobody could know—and then there are the people who'd be interested in you if they knew you can do this, scientists who'd want to poke at you, and worse than the scientists, DANGEROUS PEOPLE who would say that national security comes before a mother's rights to her child, PEOPLE WHO MIGHT STEAL YOU AWAY AND NEVER LET ME SEE YOU AGAIN, which would be like death to me, because I want You to have a normal, happy life, a good life, and I want to protect you and watch you grow UP and be the fine man I know you will be, BECAUSE USE I LOVE YOU MORE THAN ANYTHING, AND YOU'RE SO SWEET, AND YOU DON'T REALIZE HOW SUDDENLY, HOW HORRIBLY, THINGS CAN GO WRONG. "Getting her into her shoes and coat sooner than Monday required a bribe," Wally said. "I'm no hero," Paul insisted. "I just got your mom out of there in the process of saving

myself." He waited for Otter to nod, but Otter stood motionless. Later in the month, from Sparky Vox, Junior learned the building had a four-pipe, fan-coil heating system serving discrete ductwork for each apartment. Voices couldn't carry from residence to residence in the heating-cooling system, because no apartments shared ducting. Throughout the spring, summer, and autumn of 1967, Junior met new women, bedded a few, and had no doubt that each of his conquests experienced with him something she had never known before. Yet he still suffered from an emptiness in the heart. At home again, in the safety of the family, Barty collapsed in exhaustion from the sustained effort to see with eyes that he didn't possess. A bed for ten days, feverish, afflicted with vertigo and migraine headaches, nauseated, he lost eight pounds before his recovery was complete. "Oh!" She blotted her eyes on the heels of her hands. "Wait! Give me a second chance. I can do it better, I'm sure I can." Junior was stunned that the bitch had come back into his life, to ruin him, almost two years later. Zedd teaches that the present is just an instant between past and future, which really leaves us with only two choices—to live either in the past or the future; the past, being over and done with, has no consequences unless we insist on empowering it by not living entirely in the future. Junior strove always to live in the future, and he believed that he was successful in this striving, but obviously he hadn't yet learned to apply Zedd's wisdom to fullest effect, because the past kept getting at him. He fervently wished he hadn't simply broken up with Tammy Bean, but that he had strangled her instead, that he had strangled her and driven her corpse to Oregon and pushed her off a fire tower and bashed her with a pewter candlestick and sent her to the bottom of Quarry Lake with the gold Rolex stuffed in her mouth. Sometimes, in his mind, Tom wasn't running along the residential streets of Bright Beach, but along the corridor of the dormitory wing over which he had served as prefect. He was cast back in time, to that dreadful night. A sound wakes him. A fragile cry. Thinking it a voice from his dream, he nevertheless gets out of bed, takes up a flashlight, and checks on his charges, his boys. Low-wattage emergency lamps barely relieve the gloom in the corridor. The rooms are dark, doors ajar according to the rules, to guard against the danger of stubborn locks in the event of fire. He listens. Nothing. Then into the first room—and into a Hell on earth. Two small boys per room, easily and silently overcome by a grown man with the strength of madness. In the sweep of the flashlight beam: the dead eyes, the wrenched faces, the blood. Another room, the flashlight jittering, jumping, and the carnage worse. Then in the hall again, movement in the shadows. Josef Krepp captured by the flashlight. Josef Krepp, the quiet custodian, meek by all appearances, employed at St. Anselmo's for the past six months with nary a problem, with only good employee reviews attached to his record. Josef Krepp, here in the corridor of the past, grinning and capering in the flashlight, wearing a dripping necklace of souvenirs. After examining Barty, Dr. Schurr sent them to the hospital for further tests. There they spent the rest of the day, except for an hour break during which they ate lunch in a burger joint. Otter's humble teachers had taught him pride. They had trained into him a deep contempt for wizards who worked for such men as Losen, letting fear or greed pervert magic to evil ends. Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled him that he couldn't despise Hound. It occurred to her that the knave had come, as foretold by the cards on that night long ago. She had expected the knave to be a man with sharp eyes and a wicked heart, but the curse was cancer and not a man at all. In January 1965, Magusson had sent Cain to Nolly as a client, not sure why the creep needed a private detective. That had turned out to be the business about Seraphim White's baby. Simon's warning to be careful of Enoch Cain had helped to shape Nolly's decision to withhold the information about the child's placement. Had Junior been chest-deep in wet concrete, he would have been more mobile than he was now. He had no feeling in his legs. She heard the door, and when she opened her eyes, the bay had already slid out of the car, into the downpour again. She called him back, but he kept going. She rushed on: "I'm one of the best waitresses they have, so if I ask for dinner shifts only, I'll get them. Tips are better at dinner. And working the one shift, four and a half to five hours, I'll have a regular schedule." As Nolly hung his raincoat and his porkpie hat on a rack by the hall door, Kathleen Klerkle appeared in the entrance to the nearest of the two treatment rooms. "Are you ready to suffer?" into darkness, Celestina sat down to dinner with her mother and her father in the dining room of the parsonage. Paul checked the back of the Suburban, since he fancied himself the wagonmaster. He wanted to be sure that the goods were loaded in such a way that they were unlikely to slide or be damaged. "Packed tight. Looks just fine," he declared, and closed the tailgate door. Vanadium understood the depth of his old friend's pain, and he knew that the anguish over the loss of a child could make the best of men act out of emotion rather than good judgment, and so he accepted Harrison's preference to let the matter rest. When enough time passed for reflection, what Vanadium ultimately decided was that of the two of them, Harrison was much the stronger in his faith, and that he himself, perhaps for the rest of his life, would be more comfortable behind a badge than behind a Roman collar. Seraphim White had come to California to give birth to him in or to spare her parents—and their congregation—embarrassment. Reflecting upon her son's clever, diligent, and uncomplaining adaptation to darkness, she wished that she had described to him the dazzling sunset under which they had made their journey home. Although her words might have been inadequate to the spectacle, he would have elaborated on them to create a picture in his mind; with his creative skills, the world that he'd lost with his sight might be remade in equal splendor in his imagination. The second ring was followed by a click, and then a familiar droning voice said, "Hello. I'm Thomas Vanadium." A trickster, this detective. Full of taunts and feints and sly stratagems. Psychological-warfare artist. She switched off the hall light and stood at the half-open door, listening, waiting. Junior leaned forward and slid the packet of cash across the desk, toward the detective. "There's more where this came from." "But nothing equals a quake for killing. Big one in Shaanxi, China, killed eight hundred thirty thousand." "Well, sure," said Mary, "without dying first. That would be the easy way to get there. I'm a Lampion, aren't I? Do we take the easy way, if we can avoid it? Did Daddy take the easiest way up the oak tree?" "Last I noticed, his car was out. Let me check." Sparky put down his phone and went to look in the garage. When he returned, he said, "Nope. Still out. When he parties, he usually parties late." As he edged closer, to better hear the conversation, he became aware of someone staring at him. He looked up into anthracite eyes, into a gaze as sharp as that of any bird, set in the lean face of a thirty something man thinner than a winter-starved crow. At the mention of her son's name, Agnes stiffened. There were numerous ways for Deed to have learned the baby's name, yet it seemed wrong for him to know it, wrong to use it, the name of this child he had nearly orphaned, had almost killed. In a pew in Old St. Mary's Church, in Chinatown, Junior took delivery of the lock-release gun and the untraceable 9-mm pistol with the custom-machined silencer, as previously arranged. The church was deserted at ten o'clock in the morning. The shadowy interior and the menacing religious figures gave him the creeps. She only half understood their frantic conversation, partly because the ability to concentrate was draining from her along with her lifeblood, but also because she was distracted by Joey. He was no longer in the wreck, but standing at the open rear door of the ambulance. This wasn't art. This was pandering, mere illustration,

more suitable for painting on velvet than on canvas..On this January twilight, as Maria Elena Gonzalez drove south along the coast from Newport Beach, all men of the sea must have been reaching for bottles of rum to celebrate the fruit-punch sky: ripe cherries in the west, blood oranges overhead, clustered grapes dark purple in the east.."Maybe he's a character I saw in a movie or read in a novel. I'm a member of the Book-of-the-Month Club. I'm always reading one thing or another. I don't remember a character named B-Bartholomew, but maybe I read the book years ago."..Celestina, Grace, even Tom himself, had taken extraordinary measures to leave no slightest trail. Those very few authorities who knew how to reach Tom and, through him, the others, were acutely aware that his whereabouts and phone number must be tightly guarded.."And in a lot of somewheres," said Barty, "things are worse for us than here. Some somewheres, you died, too, when I was born, so I never met you, either."..Junior wasn't interested in Vietnam anymore, and he wasn't in the least troubled by the other news. These two years were disturbing to him only because of Thomas Vanadium..What the commodifiers of fantasy count on and exploit is the insuperable imagination of the reader, child or adult, which gives even these dead things life-of a sort, for a while..Gazing into the mirror, which ought to have been clouded with self-pity as though with steam, Junior Cain searched for his anger and found it. This was a black and bitter anger, as poisonous as rattlesnake venom; with little difficulty, his heart was distilling it into purest rage..WALLY HAD NOT gone home with Death, but they had definitely been at the dance together..I'll put you in a twilight sleep, you babbling cretin. Where'd you earn your medical degree, you nattering nitwit? Botswana? The Kingdom of Tonga?.Joey couldn't raise his head, couldn't turn more directly toward her ... because his spine had been damaged, perhaps severed, and he was paralyzed..So after waiting two months for the superhot Harrison White case to cool down, Junior returned instead to Spruce Hills, traveled bald and pocked and passing as Pinchbeck, under the cover of night..With his sister's financial backing, Edom purchased a flower shop in '71, after ascertaining that the strip mall in which it was located had been even more soundly constructed than the earthquake code required, that it didn't stand on slide-prone land, that it did not lie in a flood plain, and that in fact its altitude above sea level ensured that it would survive all but a tidal wave of such towering enormity that nothing less than an asteroid impact in the Pacific could be the cause. In '73, he married Maria Elena (that boy-girl thing, after all), whereupon she became Agnes's sister-in-law in addition to having long been a full sister in her heart. They bought the house on the other side of the original Lampion homestead, and another fence was torn down..Her eyes, lustrous pools, brimmed with the need to know, but she respected the deal. "I only half understood all that, and I don't even know which half, but in some strange way, it feels true. Thank you. I will think about it tonight, when I can't sleep." She stepped close and kissed him on the cheek. "Who are you, Tom Vanadium?".The two bereaved women huddled at one end of the living room, tearful, touching, talking quietly, wondering together if there was any way that each could help the other to fill this sudden, deep, and terrible hole in their lives..Testing Celestina's nerves as fully as Barty had tested his mother's, Angel pulled-levered -shinnied-swung herself so fast up through the tree, arriving at the boy's side while red streaks still enlivened a sky that was repainting itself purple. She stood in the crook of limbs with him, and her delighted laughter rang down through the cathedral oak. 1975 through 1978: Hare ran from Dragon, Snake fled from Horse, and '78 bounced to the beat, because disco ruled. The reborn Bee Gees dominated the airwaves. John Travolta had the look. Rhodesian rebels, grasping the dangers inherent in any battle between equals, had the manful courage to slaughter unarmed women missionaries and schoolgirls. Spinks won the title from Ali, and Ali won it back from Spinks..He smiled. "Those of us who were priests first--yeah, we're all a broody bunch. Of the others--not many, but probably more than you think."..In his head, without apparent effort, Barty kept a running total of the number of seconds that he had been alive, and of the number of words in every book that he read. Agnes never checked his word totals for an entire volume; however, when she cited any page in a book that he'd just finished, he knew the number of words it contained..Needlepoint, meditation, and even sex had not recently provided him with significant relief of tension. The paintings of Sklent and the works of Zedd were packed in the van, where he couldn't at the moment take solace from them..He did not look at the battered face. Dare to meet those shuttered eyes, and they might spring open, full of blood and fix him with a crucifying stare..At last he said, "And there he is, hands in front of his face, quarters bouncing off him, these kids and this old lady scrambling around him to snare some change."..A pathologically suspicious cop, aware of Junior's acute.; emesis following Naomi's death, might imagine a connection between this epic bout of diarrhea and Victoria's murder, and Vanadium's disappearance Here was an avenue of speculation that he did not want to encourage..The floor of the spacious bathroom featured beige marble tiles with diamond-shaped inlays of black granite. The countertop and the shower stall were fabricated from matching marble, and the same marble was employed in the wainscoting..By the time he arrived at his apartment, Junior could think of no better action to take, so he phoned Simon Magusson, his attorney in Spruce Hills..Even above the piston-knock of her heart and the bellows-wheeze of her breath, Celestina heard wood crack, a small pane of glass explode, and metal torque with a squeal. The creep was going to get away..Crouching beside the boy as he rubbed a brighter shine onto the granite, Agnes said, "Barty, honey, why are you"..I'm Sister Josephina."
