The gardeners went away and there was nothing to watch out the window but the cabbages growing and the sparrows hopping, and now and then a hawk far up in the sky, and the wind moving softly in the tops of tall trees, on beyond the gardens.."Col. . . ?" He let the terrible spell sink down in his mind and be hidden and layered over with a thousand useful or beautiful or enlightening mageries and charms, all the lore and rules of Roke, all the wisdom of the books Ard had bequeathed him. Crude, monstrous, useless, it lay in the dark of his mind for sixty years, like the cornerstone of an earlier, forgotten house down in the cellar of a mansion full of lights and treasures and children..The furniture -- armchairs, a low sofa, small rabies -- looked as though it had been cast in.Irian was studying the Namer covertly but equally attentively, trying to see if she could tell if he was what he had called a sending or was there in flesh and blood. Instead."You want me to stay?".Hound sniffed, sighed, nodded..Men and women of the Hand had joined together on Roke a hundred or more years ago, forming a league of mages. Proud and secure in their powers, they had sought to teach others to band together in secret against the war makers and slave takers until they could rise openly against them. Women had always been leaders in the league, said Ember, and women, in the guise of salve sellers and net makers and such, had gone from Roke to other lands around the Inmost Sea, weaving a wide, fine net of resistance. Even now there were strands and knots of that net left. Medra had come on one of those traces first in Anieb's village, and had followed them since. But they had not led him here. Since the raid, Roke Island had isolated itself wholly, sealed itself inside powerful spells of

protection woven and re woven by the wise women of the island, and had no commerce with any other people. "We can't save them," Ember said. "We couldn't save ourselves." She put her hand on his knee. He knew nothing at all about women. He had not lived where women were since he was ten years old. He had been afraid of them, the women that shouted at him to get out of the way in that great other kitchen long ago. But since he had been traveling about in Earthsea he had met women and found them easy to be with, like the animals; they went about their business not paying much attention to him unless he frightened them. He tried not to do that. He had no wish or reason to frighten them. They were not men..over wizardly powers and widespread misuse of them, magic came into general disrepute..Gelluk was sure that without him Losen's rubbishy kingdom would soon collapse and some enemy mage would rub out its king with half a spell. But he let Losen act the master. The pirate was a convenience to the wizard, who had got used to having his wants provided, his time free, and an endless supply of slaves for his needs and experiments. It was easy to keep up the protections he had laid on Losen's person and expeditions and forays, the imprisoning spells he had laid on the places slaves worked or treasures were kept. Making those spells had been a different matter, a long hard work. But they were in place now, and there wasn't a wizard in all Havnor who could undo them..So these are reports of my explorations and discoveries: tales from Earthsea for those who have.No wind. When he was there and she needed a hand, he took Berry's place, and as she told her friend Tawny, laughing, he was cannier with the cows than Bren's old dog had been. "He talks to em, and I'll swear they consider what he says. And that heifer follows him about like a puppy." Whatever he was doing out on the ranges with the beeves, the cattlemen were coming to think well of him. Of course they would grab at any promise of help. Half San's herd was dead.
