Fortunately, just as he was about to declare his gut feelings to his superior and risk dismissal, he saw his potential patient. At fifteen, Seraphim was breathtakingly beautiful, in her own way as striking as Naomi, and instinct told Junior that the chance of being physically or morally polluted by her was negligible. After Bellini left, Tom questioned Celestina extensively, with an emphasis on Phimie's rape. Although the subject was painful, she was grateful for the questions. Without this distraction, in spite of her well of hope, she might have allowed her imagination to fashion terror after terror, until Wally had died a hundred times over in her mind. Thus far, none of these women of mercy was as lovely as Victoria Bressler, the ice-serving nurse who was hot for him. Nevertheless, he kept looking and remained hopeful. As if he'd been presented with many previous photos under these circumstances, Jonas Salk accepted the picture. "Your daughter?". The coin stopped turning across his knuckles and, as though with volition of its own, it slipped into the tight curve of his curled forefinger. With a snap of his thumb, he flipped the quarter into the air. Those ominous words again, turning through his memory, reel to reel. This time he actually heard them spoken. The voice commanded minded attention with a deeper timbre and crisper diction than his own. Agnes pulled the stack of cards in front of her. She discarded the first two, as Maria would have done, and turned over the third. The head of the hospital bed was elevated, and Perri lay on her back. Her eyes were closed. At the sight of her photograph, she felt herself flush. She hoped none of the pedestrians passing between her and the gallery would look from the photo to her face and recognize her. What had she been. 1969 through 1973: the Year of the Rooster, chased by the Year of the Dog, followed fast by the Pig, faster by the Rat, with the Ox passing in a stampede pace. Eisenhower dead. Armstrong, Collins, Aldrin on the moon: one giant step on soil untouched by war. Hot pants, plane hijackings, psychedelic art. Sharon Tate and friends murdered by Manson's girls seven days before Woodstock, the Age of Aquarius stillborn, but the death unrecognized for years. McCartney split, Beatles dissolved. Earthquake in Los Angeles, Truman dead, Vietnam sliding into chaos, riots in Ireland, a new war in the Middle East, Watergate. Even though the detective was on the wrong track, Junior was beginning to feel aggrieved. As any good citizen, he was willing, even eager to cooperate with responsible policemen who conducted their investigation by the book. This Thomas Vanadium, however, in spite of his monotonous voice and drab appearance, gave off the vibes of a fanatic. But with the silencer attached, the pistol was useful only for close-up work. After passing through a sound-suppressor, the bullet would exit the muzzle at a lower than usual velocity, perhaps with an added wobble, and accuracy would drop drastically at a distance. Carrying him to the window, gazing up at the stars, the moon, she said, "I'll always read to you, Barty." No scent of gasoline fouled the air. Apparently, the tank had not burst. Sudden immolation seemed unlikely but only an hour ago so had Joey's untimely death. Besides, he didn't want the police in San Francisco to know that he'd been suspected, by at least one of their kind, of having killed his wife in Oregon. What if one of the locals was curious enough to request a copy of the case file on Naomi's death, and what if in that file, Vanadium had made reference to Junior waking from a nightmare, fearfully repeating Bartholomew? And then what if Junior eventually located the right Bartholomew and eliminated the little bastard, and then what if the local cop who'd read the case file connected one Bartholomew to the other and started asking questions? Admittedly, that was a stretch. Nevertheless, he hoped to fade from the SFPD's awareness as soon as possible and live henceforth beyond their ken. When Renee, sweetly oblivious of her looming doom, claimed to have inherited a sizable industrial-valve fortune, Junior thought she might be inventing the wealth or at least exaggerating to make herself more desirable. But when he accompanied her back to her place, he discovered a level of luxury that proved she wasn't a shop girl with fantasies. might be grumpy and would certainly be torpid, bleary-eyed, and uncommunicative. Angel awake was always fully awake, soaking up color texture-mood, marveling in the baroque detail of Creation, and generally lending support to the apperception-test prediction that she might be an art prodigy. They were each down to one last sip of wine, studying dessert menus, when Celestina began to wonder if, in spite of all instincts and indications, she might be wrong about the state of Wally's heart. The signs seemed clear, and if his radiance wasn't love, then he must be dangerously radioactive yet she might be wrong. She was a woman of some insight, quite sophisticated in many ways, with the raw-nerve perceptions of an artist; however, in matters of romance, she was an innocent, perhaps even more pitifully naive than she realized. As she perused the list of cakes and tarts and homemade ice creams, she allowed doubt to feed upon her, and as the thought grew that Wally might not love her that way, after all, she became desperate to know, to end the suspense, because if she didn't mean to him what he meant to her, then Daddy was just going to have to accept her conversion from Baptist to Catholic, because she and Angel would have to spend some serious heart-recovery time in a nunnery. Needlepoint, meditation, and even sex had not recently provided him with significant relief of tension. The paintings of Sklent and the works of Zedd were packed in the van, where he couldn't at the moment take solace from them. Neddy's face didn't appear to be as pale as it had been earlier. An undertone of gray, possibly blue, darkened the skin. Sudden rain spared her the need to finish the sentence. A few fat drops drew both their faces to the sky, and even as they rose to their feet, this brief light paradiddle of sprinkles gave way to a serious drumming. Again, he cast his line of memory into murky waters nearly four years in the past, to the night of passion that he had shared with Seraphim in the parsonage. As before, he could recall nothing she'd said, only the exquisite look of her, the nubile perfection of her body. Although he found Magusson's face sufficiently disturbing that he avoided looking at it more than necessary, and though Magusson's bulging eyes were so moist with bitterness and with need that they inspired nightmares, Junior shifted his gaze from his half-numb hands to his attorney.

"Luck? I lost my wife. And my unborn baby." Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied. In August, he developed an interest in meditation. He began with concentrative meditation—the form called meditation "with seed"—in which you must close your eyes, mentally focus on a visualized object, and clear your mind of all else. The diminutive mortician spoke a few comforting words instead of commenting on the dental history of the deceased, and when he put a consoling hand on Jacob's shoulder, Jacob cringed from his touch. Although she knew how, and although she knew the pointlessness of asking why, Agnes asked, "Why? Oh, Lord, why must a blind boy climb a tree?" "One of the things I was searching for in your house was a life insurance policy on your wife. I didn't find one. Didn't find any canceled checks for the premium, either." He sat on the edge of the bed and held her right hand. She had passed away such a short time ago that her skin was still warm. He pressed his right ear to the door, held his breath, heard nothing, and addressed the top lock first. Quietly, he slid the thin pick of the lock-release gun into the key channel, under the pin tumblers. Evidently, the hero was accustomed to encounters of this nature. He rose, pulled out the unused fourth chair. "Please sit with us." Neither Agnes nor Edom knew of Jacob's great skill with cards. He had been discreet about his apprenticeship with Obadiah, and for almost twenty years, he'd resisted the urge to dazzle his siblings with his expertise. The night was in flight, however, and he had a lot to do before it swooped straight into morning. Junior had the picture now. Clear as Kodachrome. Victoria was in a relationship, and she had come on to him in the hospital not because she was looking for more action, but because she was a tease. One of those women who thought it was funny to get a man's juices up and then leave him stewing in them. Using the straight edge of a ruler to guide his eye down each column, Junior searched for Bartholomew, ignoring surnames. He had already checked to see if anyone in the county had Bartholomew for a last name; no one in this directory did. A mere silhouette against the fluorescent glare, Vanadium stepped into the hall. The bright light seemed to enfold him. The detective shimmered and vanished the way that a mirage of a man, on a fiercely hot desert highway, will appear to walk out of this dimension into another, slipping between the tremulous curtains of heat as though they hang between realities. The artist, six feet four and two hundred fifty pounds, looked markedly more dangerous in person than in his scary publicity photo. Still in his twenties, he had white hair that fell limp and straight to his shoulders. Dead-white skin. His deep-set eyes, as silver-gray as rain with an albino-pink undertone, had a predatory glint as chilling as that in the eyes of a panther. Terrible scars slashed his face, and red hash marks covered his big hands, as though he'd frequently defended himself barehanded against men armed with swords. Celestina stood listening until she heard Wally open the outer door and then close it. WEDNESDAY, fully two days after delivering honey-raisin pear pies with Agnes, Edom worked up the nerve to visit Jacob. Junior closed his weary eyes and gratefully submitted as the paramedic wiped his greasy face and his crusted lips with a cool, damp cloth. Maria arrived early, expecting to assist with final details in the kitchen. Though honored to be a guest, she wasn't able to stand by with a glass of wine while preparations remained to be made. She was four years older than Phimie. They hadn't seen a great deal of each other during the past three years, since Celestina had come to San Francisco. Although distance and time, the press of her studies, and the busyness of daily life had not made her forget that she loved Phimie, she had forgotten the purity and the power of love. Rediscovering it now, she was shaken so badly that she had to pull a chair to the side of the bed and sit down. Luck favored Paul: The hero was here, having breakfast. He and two other men were deep in conversation at a corner table. On a positive note, the apartment was heated by a gas furnace. A leak, a spark, an explosion, and he would never have to see poor Agnes in her misery. "Come with me," Paul Damascus said at once. "To Bright Beach. It is far away from San Francisco, and he'd never think of looking for you there. Why would he? You've no connection to the place. I've got a house with enough room. You're welcome. And you wouldn't be among strangers." "Thank you, Dr. Lipscomb. I'll keep track of what you're losing every month, and someday I'll pay it back to you." Slow deep breaths. Per Zedd, slow deep breaths. Any state of anxiety, regardless of how powerful, could be ameliorated or even dissipated. In each savings account, he deposited five hundred dollars in cash. He tucked twenty thousand in crisp new bills into each safe-deposit box. He shook his head. "I think he's evil, not crazy. And stupid in the way that evil often is. Too arrogant and too vain to be aware of his stupidity—and therefore always tangled up in traps of his own making. But nonetheless dangerous for being stupid. In fact, far more dangerous than a wiser man with a sense of consequences." Bartholomew might be a teenager living with his parents or a dependent adult residing with family; if so, he wouldn't be revealed in this search, because the phone would not be listed in his name. Or maybe the guy loathed his first name and never used it except in legal matters, going by his middle name, instead. Edom bit his lower lip, shook his head, and stubbornly clung to Barty's left foot. He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs. Before the pianist could cry out, Junior drove him between the toilet and the sink, slamming him against the wall hard enough to knock loose his breath and to cause the water to slosh audibly in the nearby toilet tank. TALES FROM. Toward the front of the house, along a hallway suddenly as dark as a tunnel, toward a vague light in the seething gloom. And here a window at the end of the hall. He paused, giving them a chance to ask the obvious question—and then smiled at their reticence. KATHLEEN IN THE candlelight, her ginger eyes a glimmer with images of the amber flame. Icy martinis, extra olives in a shallow white dish. Beyond the tableside window, the legendary bay glimmered, too, darker and colder than Kathleen's eyes, and not a fraction as deep. From his early adolescence, Edom was drawn to gardening, taking special pleasure in the cultivation of hybrid roses. He'd been only sixteen when one of his blooms earned first place in a flower show. When his father learned about the competition, he regarded Edom's pursuit of the prize as a grievous sin of pride. The punishment left Edom bedridden for three days, and when he came downstairs at last, he discovered that his father had torn out all the rose bushes. During the girl's final appointment, Junior discovered she would be home alone that same night, her parents at a function she wasn't required to attend. She appeared to reveal this inadvertently, quite innocently; however, Junior was a bloodhound when it came to smelling seduction, regardless of how subtle the scent. Twenty minutes later, at home, he poured sherry over ice. Sipping, he stood in the living room, admiring his two paintings. He nodded. "You do. Yes. But you don't need to know right now. Later, when you're calmer, when you're clearer. It's too important to rush you through it now." Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life. Leashed like a dog, he walked along, sullen and shivering with sickness and rage. He stared around him, seeing the stone tower, stacks of wood by its wide doorway, rusty wheels and machines by a pit, great heaps of gravel and clay. Turning his sore head made him dizzy. Celestina looked out a kitchen window and saw Agnes in the Lampion driveway,

where the three-vehicle caravan was assembled. She was loading her station wagon..Sweaty, chilled, trembling, weak-kneed, watery-eyed with self-pity, Junior spread a plastic garbage bag on the driver's seat. He got in the Suburban, twisted the key in the ignition, and groaned as the engine vibrations threatened to undo him.."Brush your teeth, too," Celestina said, leaning against the jamb in the open doorway..or the barber. Never was he afraid to fall asleep, and having fallen asleep, he appeared to have only pleasant dreams..of color had to search for mentoring, especially in 1922, when twenty year-old Obadiah dreamed of being the next Houdini.."And after Phimie was gone ... he still hoped to learn the rapist's name, put him in prison. But then something changed his mind ... oh, maybe two years ago. Suddenly, he wanted to let it go, leave judgment to God. He said if the rapist was as twisted as Phimie claimed, then Angel and I might be in danger if we ever learned a name and went to the police. Don't stir a hornet's nest, let sleeping dogs be, and all that. I don't know what changed his mind."..If you ranted at him about earthquakes, tornadoes, erupting volcanoes, and all that stuff, how could he mistake you for me?"..I've already told them," Joey said, wheeling away from her and yanking open the door of the foyer closet with such force that she thought he would tear it off its hinges..Otter said nothing.."There's a valuable lesson in that," Agnes said. "Others can learn from it if you care to share. But if you want to record your life only up to the card cheating, that's okay, too. Even that far, it's a fascinating journey, a story that shouldn't be lost with you when you pass on. Libraries are packed with biographies of movie stars and politicians' most of them not capable of as much meaningful self-analysis as you'd get from a toad. We don't need to know more about celebrities' lives, Obadiah. What might help us, what might even save us, is knowing more about the lives of real people who've never made it even medium but who know where they came from and why."..He had been walking ever since, two and a half years, with brief respites in Bright Beach..He had the capacity to be exceptional at anything to which he applied himself. Bob Chicane had been right about that: Junior was far more intense than other men, possessed of greater gifts and the energy to use them..His happy expectation thickened into dread when he spotted the ambulance at the curb. And in the driveway stood the Buick that belonged to Joshua Nunn, their family doctor.."Why should I be afraid of a stumbling blind boy?" asked Junior again. But this time the words issued from him in a different tone of voice, because suddenly he sensed something knowing in this boy's attitude, if not in his manufactured eyes, a quality similar to what the girl exhibited..The previously flat, monotonous voice had in it now a subtle but undeniable new roundness of tone: "And every human being, every living thing, is a string on that instrument."..Nevertheless, when the points of soreness in his brow and cheeks gradually grew worse, he stopped at a service station near Courtland, bought a bottle of Pepsi from a vending machine, and washed down yet another capsule of antihistamines. He also took another antiemetic, four aspirin, and-although he felt no trembling in his bowels-one more dose of paregoric..folded over his too-tight shirt collar, and with a second chin more prominent than.Kitchen to dining room, dining room to hallway, keeping his back to the wall, easing quickly along, then into the foyer. Wait here, listening..Returning his attention to his own shoes, Jacob said, "So ... what am I supposed to do about this?".The odds against drawing a jack of spades four times in a row out of four combined and randomly shuffled decks were forbidding. Jacob didn't have the knowledge necessary to calculate those odds, but he knew they were astronomical..Junior's throat wasn't half as sore as it had been the previous afternoon, and to these men, his soft, coarse voice must have sounded not abraded, but raw with emotion. "I don't care what's customary. I don't want anything. I don't blame anyone. These things happen. If you have a liability release with you, I'll sign it right now."..Deeply distressed that he was planning the funeral of a man as young as Joe Lampion, whom he had liked and admired, Panglo paused to express his disbelief and to murmur comforting words, more to himself than to Jacob, as each decision was made. With one hand on the chosen casket, he said, "Unbelievable, a traffic accident, and on the very day his son is born. So sad. So terribly sad."..thickened with the odors of antiseptics and blood, until breathing required an effort..Chan nodded. "Considering the advanced stage of Bartholomew's malignancies, he should have complained earlier than he did."..As Obadiah lowered himself into a well-worn armchair, he said to Edom, "Son, don't I know you from somewhere?".After the stupid bastards read a newspaper or smoked a few cigarettes, they finally broke down the door. Satisfyingly dramatic: the crack of splintering wood, the crash..Although she had acutely felt the loss of Joey during the past three years, she had never missed him as much as she missed him now. Marriage is an expression of love and respect and trust and faith in the future, but the union of husband and wife is also an alliance against the challenges and tragedies of life, a promise that with me in your corner, you will never stand alone..Fathoms of silence flooded the line. Still, she listened. He sensed her there, though as if at a great depth..The singular beauty of San Francisco and the exquisite patina of its colorful history spoke to her heart and kindled in her such an unreasonable passion that she sometimes wondered, at least half seriously, if she had spent other lives here. Often, streets were wondrously familiar to her the first time that she set foot on them. Certain great houses, dating from the late 1800s and early 1900s, inspired her to imagine elegant parties thrown..He had considered tracking down Celestina-and the bastard boy--prior to her exhibition. The alumni office of her college might be one route to her. And further inquiries in the city's fine-arts community would no doubt eventually provide him with her address.."AND I DRINK CHAMPAGNE ALL DAY," said Miss Cheese, pronouncing it "cham-pay-non."..I've got hundreds of files on cases like that," said Jacob, "and much worse. If you're interested, I'll get you copies of some."
